Men 19 To 25 To Be Subject To Selective Draft

Wilson Signs War Bill Passed By Congress, Vote In The House 373 To 50 Favoring Hostilities

Washington, April 6.—War was declared at 1:13 this afternoon.

At exactly that hour President Wilson signed the joint resolution passed by the house and senate, declaring a state of war between the United States and Germany.

An hour before the resolution was signed by Vice President Marshall at 12:13.

These were the last formalities to make the United States an ally of England, France and Russia in the world war of democracies against autocracy.

AGAIN THE LUCKY THIRTEEN

Washington, D. C., April 6.—Vice President Marshall signed the war resolution at 12:13 p. m. Exactly one hour later to the second, President Wilson signed his name—at 1:13 p. m. Thirteen is President Wilson's lucky number.

As the president affixed his signature to the document, Lieutenant Commander Byron McGandless signalled across the street to the navy department that war was formally on and orders were flashed out from the government wireless to the ships at sea and to the forts of the United States. Simultaneously every steam whistle in Washington and on the Potomac river nearby was opened wide and their screeches could be heard in every corner of the nation's capital.

While the ink was still wet on the historic war resolution, messages to all the countries of the earth were sent notifying them of this government's action.

The state department informed the Swiss minister here representing German interests in the United States of this country's action. The minister will communicate the word formally to Berne by cable and thence to Berlin.

United States representative in every foreign and South American capital should have the news within the next 24 hours.

The president signed the resolution in the presence of Mrs. Wilson, his niece, Miss Helen Woodrow Bones, Rudolph Forster, executive clerk and I. H. Hoover, head usher. The gold pen used in affixing "Woodrow Wilson" to the resolution was taken by Mrs. Wilson. The ceremony occurred after the president and Mrs. Wilson had returned from a walk. They stepped into the White House usher's office just off the entrance corridor and awaited arrival of the resolution from the senate. As soon as it came the president sat down before the usher's desk in the little room and signed the paper without comment.

Threatened To Kill Wilson

Indianapolis, Ind., April 6.—Department of justice agents today arrested Christian Luckey on the charge of threatening bodily harm against the president of the United States. Luckey is alleged to have stated that if he could get to Washington he would kill the president.

READY FOR SERVICE

Chicago, April 6.—Six hundred naval recruits, graduates of the Great Lakes naval training station, left Chicago today for "somewhere in the East". They will be assigned to battleships in the Atlantic fleet.

Washington, D. C., April 6.—Enlargement of all naval training stations is to be effected at once, the navy department announced today. The station at Chicago will be one of the first to be enlarged.

PRESIDENT WILSON'S PROCLAMATION

Washington, D. C., April 6.—President Wilson this afternoon issued a proclamation to the people of the country declaring a state of war exists between the United States and the Imperial German government.

At the same time he especially directed all officers of the United States government, civil or military, to exercise vigilance in the discharge of their duties incident to such a state of war.

At the same time he appealed to all American citizens to uphold the laws of the land and "give un-

divided and willing support to those measures which may be adopted by the constitutional authorities in prosecuting the war to a successful issue and in obtaining a secure and just peace.

The president's proclamation reads:

"Whereas, the congress of the United States, in the exercise of the constitutional authority vested in them, have resolved, by joint resolution of the senate and house of representatives bearing date this day, that the state of war between the United States

and the Imperial German government which has been thrust upon the United States is hereby formally declared."

WHEREAS, it is provided by section 4007 of the revised statutes as follows:

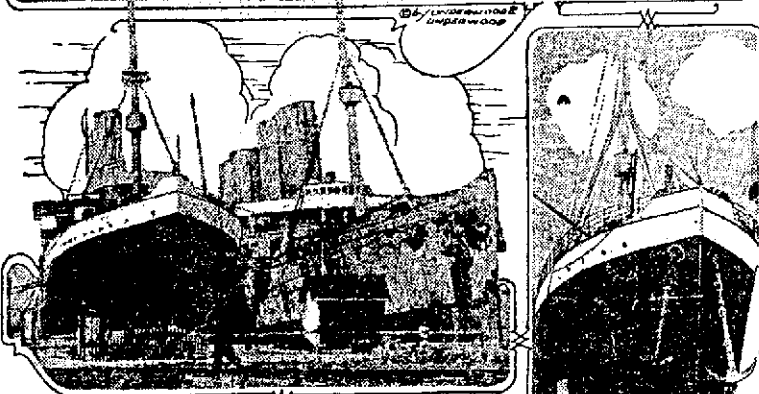

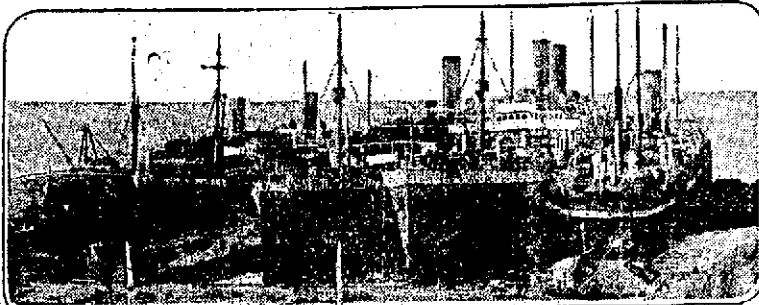

"Whenever there is declared a war between the United States and any foreign nation or government or any invasion or predatory incursion is perpetrated, attempted or threatened against the territory of the United States by any foreign nation or government, and the president makes public proclamation of the event, all natives, citizens, denizens or

subjects of the hostile nation or government being males of the age of 14 years and upwards, who shall be within the United States and not actually naturalized shall be liable to be apprehended, restrained, secured and removed, as alien enemies.

"The president is authorized in any such event by his proclamation thereof or any public acts to direct the conduct to be observed, on the part of the United States toward the aliens who become so liable; the manner and the degree of the restraint to which they shall be subject and in what

Mexican Troops Moving North

El Paso, Texas, April 6.—Sudden movement of Mexican government troops toward the border today in the states of Chihuahua, Nuevo Leon and Coahuila, is believed by federal authorities here to portend hostile action against border settlements. The explanation offered by Carranzista officials is that the troop movement is a part of the campaign against Villa. Government agents here are watching closely for evidences of a border raid, and action probably will be taken at the first hostile indication.

"Negroes Were To Wreck Mines And Plants"

Birmingham, Ala., April 6.—The third arrest in connection with German plots to incite negroes to rebellion was made here today when a negro, addressing members of his race at a local depot, declared they should join a German army. Good pay, social equality and unrestricted franchise were offered. Government agents made the arrest.

The name of the negro was withheld. Government men admit a plot has been unearthed whereby negroes working in the various coal mines and industrial plants of the district were to dynamite the mines and plants.

Appeal has been sent to Montgomery for troops which are expected to arrive Monday to be scattered over the industrial district.

London, April 6.—A hostile aeroplane dropped eight bombs over the county of Kent last night without inflicting any casualties or causing any damage, Lord French announced today.

91 German Ships Seized By Officials

New York, Apr. 6.—United States armed forces seized all German ships in all American ports today. It was America's first act of war.

In ports on every coast of the United States proper and in island possessions, marines or blue jackets went aboard the enemy ships early today, made members of the German crews prisoners and took possession of the vessels in the name of the United States. At Hoboken, N. J., alone eighteen vessels, including the giant Vaterland were taken over. In all twenty-seven ships were seized in New York waters.

The total number of German ships in American waters, which were seized, is 91. They represent a total gross tonnage of 594,686.

From Philadelphia, Boston, New Orleans, Jacksonville, Wilmington, N. C., San Francisco and other ports, came reports during the morning of the seizure of the ships. No trouble was reported.

Pass Huge Sum For Defense

Washington, April 6.—The general deficiency bill, carrying \$100,000,000 for the national defense and \$64,000,000 for usual expenditures—the first war emergency measure to come before congress—was passed by the senate today. The sum of \$100,000,000 was added by the appropriations committee "for every purpose of national defense at the discretion of the president."

U-Boats In Gulf Of Mexico

Galveston, Tex., April 6.—Reports that the government has evidence of the presence of German submarines in the Gulf of Mexico, caused many people here today to apply for insurance against bombardments, riots and civil disturbances.

34 TRAPPED IN A MINE

Ferne, B. C., April 6.—Mine rescuers are working desperately today in face of a fast waning hope that any of the thirty-four men trapped in the explosion of mine number three at Coal Creek near here can be recovered alive. Mine No. 2 located nearby, was also wrecked by explosion and miners in both shafts were trapped. All except two in mine number two were rescued. None had been taken from the other shaft.

DETAINING GERMANS

El Paso, Texas, April 6.—Scores of Germans are being detained here by department of justice agents, in connection with investigations of German plots against the United States in Mexico.

It is said that the department officials have been informed to the effect that prominent Carranza officials are implicated and arrests may follow.

No formal charges have been made yet against German being detained, but many are being cross-examined by the investigators.

Ready For Diplomats

Washington, D. C., April 6.—A long proclamation declaring a state of war was ready for distribution to all diplomats here as soon as the president had signed the war resolution. The Swiss minister at his own initiative will inform Germany of the proclamation.

TO OPEN MORE RECRUITING STATIONS

Chicago, April 6.—Business men headed by Britton I. Budd today subscribed \$10,000 to be used in establishing recruiting stations in small towns adjacent to Chicago. Hundreds of Chicago physicians have volunteered their services as medical examiners in the big recruiting campaign which is being launched.

COX CALLS ON THE PEOPLE OF OHIO TO UNITE IN PLEDGING NATION'S SUPPORT

Columbus, O., April 6.—Governor Cox, by official proclamation today, called on the people of Ohio to unite Wednesday, April 11, in pledging their patriotic support to the nation.

Cox set the evening hours of eight to nine on that day as "a sacred time for our people—the men, women and children of cities, town and country to assemble together in their meeting places and lift their hearts and voices to Almighty God that we may be divinely guided."

The governor's proclamation follows: "We are in the midst of a great crisis. Our state in the past has been a moral force that helped to concrete the national sentiment."

"Every community should join in the common emotion of the hour. Our president is confronted with problems no less serious than those which tried the soul of Lincoln. It is well that the citizenship of this state send him a message of dedication to the cause he leads."

"Therefore, as governor of Ohio, I proclaim the evening hours of eight to nine, Wednesday, April 11, 1917, as a sacred time for our people—the men, women and children of cities, town and country—to assemble together in their meeting places and lift their hearts and voices to Almighty God that we may be divinely guided."

"JAMES M. COX."

Army Plans Announced By Wilson

Washington, D. C., April 6.—After proclaiming a state of war, the president this afternoon issued the following statement regarding the means to be chosen to raise the army of two million asked for by the war heads last night:

"The principles embodied in the legislation presented by the war department to the military committees of the senate and house have my entire approval, and its specific recommendations embody the best judgment of the officers of the war department."

"It proposes to raise the forces necessary to meet the present emergency by bringing the regular army and national guard to war strength and by adding the additional forces which will now be needed so that the national army will comprise three elements—the regular, the national guard and the so-called additional forces, of which a first five hundred thousand are to be authorized immediately and late increments of the same size as they may be needed in order that all these forces may comprise a single army, the term of enlistment in the three is equalized and will be for the period of emergency."

"The necessary men will be secured for the regular army and the national guard by volunteering as at present, until, in the judgment of the president, a resort to a selective draft is desired."

"The additional forces, however, are to be raised by selective draft from men ranging in age from 19 to 25 years."

"The quotas of the several states in all of these forces will be in proportion to their population."

"This legislation makes no at-

Brazil On Brink Of War

Rio De Janeiro, April 6.—Brazil may declare war on Germany. Official announcement today of the sinking of the Brazilian steamer *Parana*, killing three Brazilian citizens, aroused the most

intense anti-German feeling here. "The situation is most grave; a declaration of war against Germany may be necessary," declared Foreign Secretary Muller today.

It was generally expected today that Brazil would seize all German ships interned in her harbors and immediately proclaim hostilities against Germany. There was intense anxiety today as to how the situation would be affected by the presence of five hundred thousand Germans in the Brazilian state of Rio Grande.

Information here today indicated that Bolivia would probably follow Brazil in declaring war on Germany.

This Simple Laxative A Household Necessity

Dr. Caldwell's Syrup Pepsin Should Have a Place in Every Home.

Constipation, or inaction of the bowels, a condition that nearly everyone experiences with more or less frequency, is the direct cause of much disease. When the bowels become clogged with refuse from the stomach, foul gases and poisons are generated, and unless the congestion is quickly relieved the system becomes weakened and most susceptible to attack.

Various remedies to relieve constipation are prescribed, but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. The most effective remedy is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin.

The Hon. John D. Keister of Brandywine, W. Va., who has represented his district in the State Legislature for six years, writes that he uses Dr. Caldwell's Syrup Pepsin and finds it a splendid laxative, easy to take and mild, yet positive, in its action, and that it should be in every household for use when needed.

Dr. Caldwell's Syrup Pepsin is sold by druggists in all parts of the United States and costs only

fifty cents a bottle. It contains no opiate or narcotic drug, does not gripe, and is recommended as a family laxative, mild enough for the tiniest babe, yet sufficiently powerful to act easily on the strongest constitution. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Union With President

At the weekly session of the Carpenters' and Joiners' Union Thursday evening, Victor Howland, James Jackman and Charles E. Nowman were named as a committee to prepare a resolution that the Union, in a state of war exists, pledge its sympathy and support to the government. The Union as a labor organization is against war, according to President Howland, but since war has been declared, the organization is with the government. One candidate was admitted to membership.

Germans Striving To Relieve St. Quentin

London, April 6.—Striving desperately to relieve the pincer-like grip around St. Quentin exerted by British and French forces, picked German troops were hurled against the French line northwest of Rheims last night and today in one of the most powerful "diversions" attempted in months. The attack was delivered in force. Its object was plainly to force hurrying of reserves from other portions of the line to aid of the attacked French troops, thus relieving the allied pressure against the German front around St. Quentin.

May Force Argentine To Raise Wheat Embargo

Buenos Aires, April 6.—England has put powerful pressure on Argentina to force raising of the wheat embargo.

It was learned on unimpeachable authority today that the British government has threatened an embargo on coal as a reprisal against the grain ban and announced by Argentina.

The greatest alarm was manifest among Argentine officials today. They were hurriedly making another inventory of the republic's food supplies. It was known, however, that without British coal all railroads, all shipping and all industries in the nation would be paralyzed. Argentine could only survive with the greatest privation.

The situation has so far been concealed from the Argentine public, officials not desiring to reveal the government under coercion. Officially it was known also that the gov-

ernment was deeply concerned over the influences behind the disaffection of Governor Urigoyen, of Buenos Aires province, to President Trigo's authority. It was predicted that Urigoyen's removal from the government would be the government's next step, provided it was ascertained such removal could be accomplished without bloodshed.

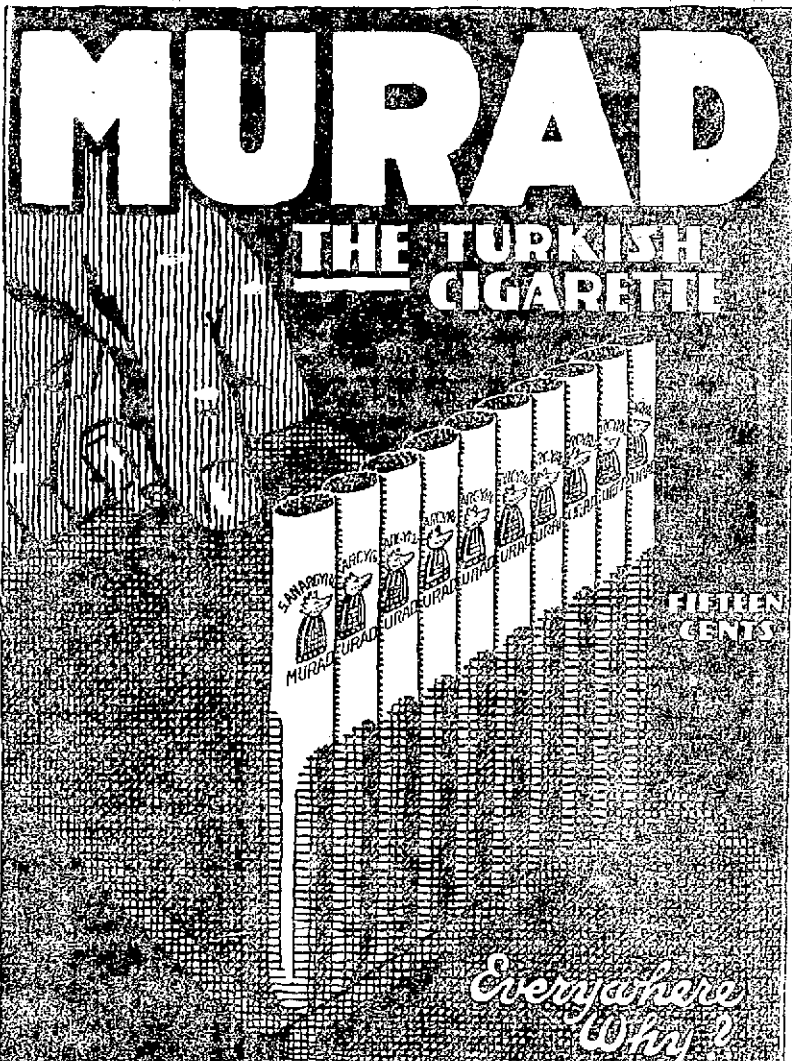

There has been a long feud between the state and the government and Urigoyen and Trigo.

"WHEREAS by sections 4068, 4069 and 4070 of the Revised Statutes, further provision is made relative to alien enemies:

"Now, therefore, I Woodrow Wilson, president of the United States of America do hereby proclaim to all whom it may concern that a state of war exists between the United States and the Imperial German government; and I do specifically direct all officers, civil or military of the United States that they exercise vigilance and zeal in the discharge of the duties incident to such a state of war; and I do, moreover, earnestly appeal to all American citizens that they, in loyal devotion to their country, dedicated from its foundation, to the principles of liberty and justice, uphold the laws of the United States and give undivided and willing support to those measures which may be adopted by the constitutional authorities in prosecuting the war to a success-

ful issue and in obtaining a secure and just peace;

"AND, acting under and by virtue of the authority vested in me by the constitution of the United States and the said sections of the revised statutes, I do hereby further proclaim and direct that the conduct to be observed on the part of the United States toward all natives, citizens, denizens or subjects of Germany, being males of the age of 14 years and upwards who shall be within the United States and not actually naturalized, who for the purpose of this proclamation and under such sections of the revised statutes are termed alien enemies, shall be as follows:

"All alien enemies are enjoined to preserve the peace towards the United States and to refrain from crime against the public safety, and from violating the laws of the United States and of the states and territories thereof and to refrain from actual hostility or giving information, aid or comfort to the enemies of the United States and to comply strictly with the regulations which are hereby or which may be from time to time promulgated by the president; and so long as they shall conduct themselves in accordance with law, they shall be undisturbed in the peaceful pursuit of their lives and occupations, and be accorded the consideration due all peaceful and law-abiding persons, except so far as restrictions may be necessary for their own protection and for the safety of the United States, and towards such alien enemies as conduct themselves in accordance with law, all citizens of the United States are enjoined to preserve the peace and to treat them with all such friendliness as may be compatible with loyalty and allegiance to the United States.

"And all alien enemies who fail to conduct themselves as so enjoined in addition to all other penalties prescribed by law, shall be liable to restraint, or to give security or to remove and detain from the United States in the manner prescribed by section dedicated from its foundation, to the principles of liberty and justice, uphold the laws of the United States and give undivided and willing support to those measures which may be adopted by the constitutional authorities in prosecuting the war to a success-

"(1)—An alien enemy shall not have in his possession, at any time or place any firearm or implement of war or component part thereof, ammunition, Maxim or other silencer, bomb or explosive or material used in the manufacture of explosives.

"(2)—An alien enemy shall not have in his possession at any time or place or use or operate any aircraft or wireless apparatus or any form of signalling device, or any form of cipher code, or any paper, document or book written or printed in cipher or in which there may be invisible writing.

"(3)—All property found in the possession of an alien in violation of the foregoing regulations shall be subject to seizure by the United States;

"(4)—An alien enemy shall not approach or be found within one-half of a mile of any federal or state fort, camp, arsenal, aircraft station, government or naval vessel, navyyard, factory or work shop for the manufacture of munitions of war or of any products for the use of the army or navy;

"(5)—An alien enemy shall not write, print or publish any attack or threats against the government or congress of the United States or either branch thereof

or the measures or policy of the United States or against the person or the property of any person in the military, naval or civil service of the United States or of the states or the territory of the District of Columbia or of the municipal governments therein.

"(6)—An alien enemy shall not commit or abet any hostile act against the United States or give information, aid or comfort to its enemies;

"(7)—An alien enemy shall not reside in or continue to reside in, to remain in or enter any locality which the president may from time to time designate by executive order as a prohibited area in which residence by an alien enemy shall be found by him to constitute a danger to the public peace and safety of the United States, except by permit from the president and except under such limitation or restrictions as the president may prescribe;

"(8)—An alien enemy whom the president shall have reasonable cause to believe to be aiding or about to aid the enemy, or to be at large to the danger of the public peace or safety of the United States or to have violated or to be about to violate any of these regulations, shall remove to any locality designated by the president by executive order and shall not remove therefrom without a permit, or shall depart from the United States if so required by the president;

"(9)—No alien enemy shall depart from the United States until he shall have received such permit as the president shall prescribe, or except under order of a court, judge or justice, under sections 4069 and 4070 of the Revised Statutes;

"(10)—No alien enemy shall land in or enter the United States except under such restrictions and at such places as the president may prescribe;

"(11)—If necessary to prevent violations of these regulations, all alien enemies will be obliged to register.

"(12)—An alien enemy whom there may be reasonable cause to believe to be aiding or about to aid the enemy, or who may be at large to the danger of the public peace or safety or who violates or attempts to violate, or of whom there is reasonable ground to believe that he is about to violate

Banishes Chest Colds, Coughs,
Sore Throat Over Night.

For 25 cents you can get a big package of GINGEROL and druggists will tell you that it is better than any plaster, balm or poultice you ever used, money back.

There surely is nothing so good on earth for sprains, strains, bruises, bunion, callouses, chilblains or frost-bitten feet. Just rub it on; it will not blister.

GINGEROL absorbs instantly, is penetrating and that's why it only takes a few minutes to get rid of earache, headache, toothache, backache and neuritis.

GINGEROL won't blister, and is always ready. It always satisfies.

GINGEROL is for sale and recommended by all first class druggists.

English Send Message

London, April 6.—Stating that he spoke at the instance of the imperial war cabinet, Premier Lloyd George this afternoon sent a stirring message to America recognizing her entrance into the war.

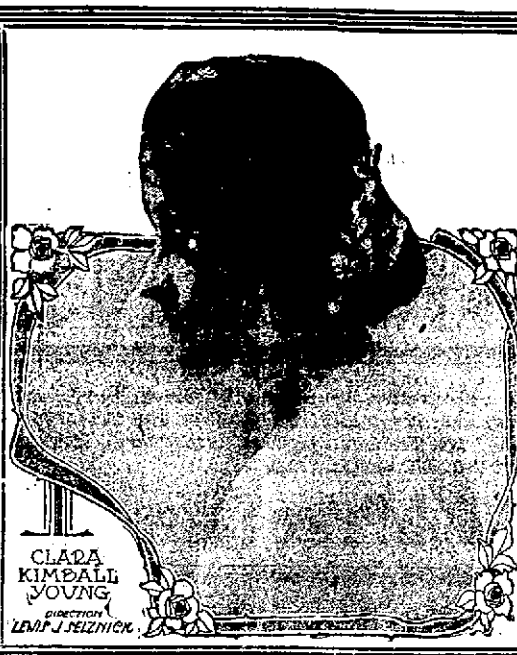

The British prime minister gave out the copy of his message to assembled newspapermen. It read: "America has in one bound become a world power in a sense never before. America awaited until she found a cause worthy of her traditions.

"The American people held back until they were fully convinced the fight was not a sordid scumage for power and possessions, but an unselfish struggle to overthrow sinister conspiracy against human liberty and human rights.

"Once that conviction the great republic of the west has leaped into the arena and stands now side by side with the European democracies, who, bruised and bleeding after three years of grim conflict, are still fighting the most savage foe that ever menaced the freedom of the world.

"The glowing phrases of the president's noble deliverance will illumine the horizon and make clearer than ever the goal we are striving to reach.

"There are two phrases which will stand out forever in the story of this crusade—first that 'the world must be saved for democracy'—next that 'the menace to peace and freedom lies in the ex-

BRITISH SHIP SUNK, AMERICAN ABOARD

Washington, D. C., April 6.—The unwarned torpedoing of the British steamer Cannizaro, carrying an American fireman, William Samuel Jones, of San Francisco, was reported to the state department today by the Hull, England, consul. No lives were lost.

Reporting further details of the torpedoing of the Leyland liner, Canadian, Consul Frost at Queens-town said the submarine's action "was in flagrant contempt of the

safety of the boats in act of quitting the ship."

THIS WILL MAKE MILLIONS HAPPY

Any corn will dry up and lift out, says a Cincinnati authority.

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this authority.

He says that a few drops of a drug called frazone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts out without pain.

This drug is sticky but dries at once and is said to simply shrivel up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

the real Burley cigarette "blame good tobacco"

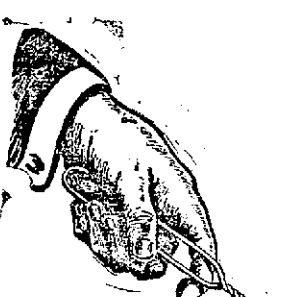

YOU smokers certainly are strong for Burley tobacco; sixty million pounds poured out of those green, blue and red boxes last year.

You like to call it "blame good tobacco." Tastes fine in a cigarette, doesn't it?

But you couldn't buy your real Burley cigarette. Because Burley tobacco, shredded for "made" cigarettes, always lost its flavor; couldn't be held.

But an entirely new principle in cigarette making did it. Now you have Lucky Strike, the real Burley cigarette.

The tobacco—it's toasted; that does it. Think of toast, buttered hot. That idea certainly leads you right up to buying LUCKY STRIKE, the real Burley cigarette.

BIRTHS

Born, to Mr. and Mrs. Clinton Swords, of near New Boston, a girl, Thursday-afternoon. Mr. Swords is a farmer.

Mr. and Mrs. Wilbur Schaefer, 624 Fourth street, announce the birth of a son, Thursday evening. This is the first grandson of Mr. and Mrs. J. P. Schaefer and the father is a member of the grocery company of J. P. Schaefer and Sons, Market street.

Mrs. Fred Hansgen and son, Wells, of Wait's Station, were visitors to Portsmouth, Thursday.

At the cost of a small jar of ordinary cold cream one can prepare of full quarter pint of most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of arched white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of arched white at any pharmacy and two lemons from the grocer and make up a quarter pint of the sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

ed. In every instance, marines or blue jackets were armed, waiting and ready for the signal to take over the ships. This signal was word that the house had passed the war resolution.

In New York harbor a long, gray, war painted destroyer waited anxiously just off the bow of the giant Vaterland. Her guns were trained on the enemy sea monster.

The busy launch of Collector of the Port Malone churned the waters of the bay as he hastened on his early morning enterprise. All night long he had waited for the order to seize the ships. His deputies—by scores—were on the docks and piers in Hoboken, New York and at Staten Island.

When the word came the waiting men hurried aboard. The German sailors were ordered to pack their belongings and were hurried away to Ellis Island. The same scenes were enacted at other

A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCER, Danby, West Danby, N. Y.

Sleeplessness, nervousness, irritability, headache, dizziness, druging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

In all cases the enemy sailors were sent to the immigration stations, some later being released on parole.

At New London, the steamer Willehad, which has served as mother ship to the merchant submarine Deutschland, was seized. The German vessels are now subject to use by the United States. Whether any of them can be put in commission at an early date, however, is problematical. In most cases, the machinery of the ships has been wrecked. The crews were under instructions to smash the cylinder heads and otherwise cripple the ships immediately diplomatic relations between the two countries were broken, according to earlier reports. Inspection of many of the vessels revealed this had been done. The Kron Prinzessin Cecilie interned at Boston, is an example. The captain of this vessel admitted under oath recently that he had damaged the machinery of his ship under orders.

The hulls of the vessels are, of course in bad condition owing to being tied up for nearly three years. In most cases, fires have been kept under the boilers, preventing engines from deteriorating to an absolutely useless state, but owing to the wilful damage done, it may take months to make repairs.

New London, Conn., April 6.—The North German-Lloyd liner Willehad was ordered seized by the government early today. Three hundred and thirty-five members of the crew were placed under arrest.

Boston, Mass., April 6.—Collector of the Port Billings received order shortly before four o'clock this morning to seize all German interned vessels in this harbor. A detachment of marines was immediately put on board the coast guard cutter Gresham and sent to take possession. It is estimated the five vessels here are worth \$12,000,000. On board are about 300 Germans.

Baltimore, Md., April 6.—Three German steamships, the liners Rhein, Neckar and Bulgaria, interned at this port, were seized early today by United States Marshal W. W. Stockham, supported by one hundred deputies and two companies of the Fourth Maryland Infantry. Upon boarding the ships the marshal found that the machinery had been entirely disabled. The crews were turned over to United States marine forces. The officers gave their paroles and were permitted to go to a hotel.

Wilmington, N. C., April 6.—Two German merchant ships, the Kiel and Nienin, in port here, were seized by federal authorities early today. The two captains and crews, totalling twenty men, were transferred to the United States marine hospital under guard.

Jacksonville, Fla., April 6.—The German merchantman Frieda Leonhardt was seized by United States customs authorities this morning. Her crew was removed by immigration authorities. Machinery of the ship had been badly damaged. Captain and crew will be held on orders from Washington.

San Francisco, Cal., April 6.—The interned German ships Surap, Ottawa, and Atlas, were seized early today by Collector of the Port J. O. Davis and the crews were taken to Angel Island for detention. United States sailors and customs department deputies are guarding the vessels.

New Orleans, La., April 6.—Federal authorities early today seized the interned German steamers Breslau and Andromeda. The crews were taken to the immigration station.

Customs officers discovered the Breslau's machinery had been damaged to the extent of \$200,000 and the Andromeda \$120,000.

The work had been electrically covered by the crew who said von Bernstorff gave orders for the dismantling before he left the United States.

DANDRFF UMAKES HAIR FALL OUT

25 cent bottle of "Danderine" keeps hair thick, strong, beautiful.
Girls! Try this! Doubles beauty of your hair in few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

York waters have been seized by the government, Collector of Port Malone announced at 10:15 today as the last of the crews of the ships docked there departed for Ellis Island.

Philadelphia, Pa., April 6.—Forty United States marines today boarded the two Hamburg-American liners in port here, the Prinz Oskar and Rheina, took control of the ships and took them to Gloucester, N. J., the immigration station. The forty-eight German members of the crew were also taken with the ships and will be temporarily detained until further orders are received from Washington.

Wilson Signs War Bill

(Continued From Page One)

From the White House the resolution was sent to the state department there to rest as one of the most important papers filed away in the government records. It bears no outward mark of difference from hundreds of thousands of other state papers in the department files. But it marks the beginning of a new war of civilization, according to President Wilson—a war, the end of which must determine whether democracy or imperialism shall rule the world.

Immediately after signing the joint resolution for war, the president issued a proclamation to the people of the country, declaring a state of war exists between the United States and the Imperial German government.

He asks all American citizens "in loyal devotion to their country, dedicated from its founding to the principles of liberty and justice," to uphold the laws of the land and "give undivided and willing support," to all measures adopted by the government "in prosecuting the war to a successful issue and in attaining a secure and just peace."

At the same time he warned all aliens to conform to strict regulations which he outlined in the proclamation.

Washington, D. C., April 6.—Amidst the most dramatic scenes ever witnessed in congress, the House early today passed the resolution which formally declared Germany an enemy and launched the United States in the fight for democracy of the world. The vote on the resolution was 373 to 50.

For the first time in history a woman voted on the question of war. With a sob and a protest of her love of country, she voted "no."

The closing hours of congress debate on the war measure were thrilling with patriotism, though, however, there ran a chord of pacifism.

Miss Jeannette Rankin, woman member from Montana, tearfully announced that while she wanted to support her country, she could not vote for war. Her evident grief, and the signs of a mental struggle brought cheers from warrior and pacifist alike.

While war steps proceeded, prospects of other American nations being brought into the struggle loomed up.

Brazil was reported in news dispatches to be on the brink of trouble with Germany while from Argentine came reports of British pressure to force lifting of the wheat embargo.

Within our own nation all government departments redoubled their energies in war tasks. There is to be a spirit of co-operation and co-ordination that will profit by the mistakes of other warring nations toward the end that the American war machine shall operate smoothly and capably.

The president meets with his cabinet today to further consider the subject of finances. Probably some definite program of raising money will be agreed upon for submission to leaders in congress. The government has under consideration calling the big financiers of the country to take up the best means of floating bond issues in addition to increasing taxes generally to meet the enormous army and navy estimates.

Senator Simmons, chairman of the senate finance committee, has suggested this course. Meantime the senator himself, along with many other congressional leaders, appears thoroughly staggered at the proportion of the estimates. Lined up alongside the \$50,000,000 appropriation which was asked at the opening of the Spanish-American war the present war budget gives some idea of the magnitude of the operations planned by this government in its war against the kaiser.

Washington, April 6.—A woman furnished the most dramatic scene of the most dramatic session in the history of this nation's House of Representatives.

The woman is Miss Jeannette Rankin of Montana, the first woman ever to sit in either body of the country's legislature.

The house passed the historic resolution that says Germany has warred upon this government, amid stirring scenes at 3:08 this morning.

The vote—373 to 50—was not unexpected, after the thrilling declaration of Representative Claude Kitchin, North Carolina, Democratic floor leader, in the afternoon that he could not bring himself to vote the country into war.

Kitchin's speech swung a dozen or more votes to the ranks of those opposing the resolution.

When the long but always thrilling debate had at last been concluded a stillness that seldom marks house proceedings settled over the chamber. Then there was a stir in the galleries. The members, too, began to shift about a moment.

The clerk drew out the list of names, recording members' votes. Solemnly they answered. Some voted huskily. Miss Rankin's name was reached. The first woman was to vote on war.

Amid an embarrassing silence and weeping, she advanced half way down the aisle from her seat in the rear. A storm that had ripped through Washington like noisy horde of cavalry and that equalled even the intensity of the storm that continued throughout the president's address to the joint session Monday night was

Even the close packed chamber and galleries, the intermittent rumbling of thunder could occasionally be heard.

"I want to stand by my country," said this woman, choking, "but—I can't vote for war." Thunderous, hysterical applause, from pacifist and pro-war sides of the house alike greeted this frank admission—woman's first official voice in the house. One had to yell and applaud to save oneself from being smothered in the lump in the throat. Representative Sloan, Nebraska, "the lady from Montana" braska, offered a similar amendment slipped out a side door, griefment which failed in the same manner.

For 17 hours the house had been in continuous session, weighing, debating, almost fighting over the momentous question before them.

Two hundred and twenty-five members had addressed the house. Peace advocate had met war advocate man for man until midnight. Then the tension almost reached the snapping point. For scores ready to spring into the spiration dripped from members

left. Frequently the chair had to admonish the galleries to keep silence or they would be cleared out. But ripples of applause came every time one side or the other scored an important point.

Beautifully gowned women, shoulders flashing from décolleté gowns, leaned nervously far over the edge listening to every word being said from the floor beneath.

Men sat in solemn silence. The crowds would laugh jocosely when there was nothing to laugh about. But the dread of what was being enacted seemed to grip every person.

Five minutes after the resolution had passed, house chamber and galleries were deserted.

Washington, D. C., April 6.—The war resolution was formally reported to the senate as having been passed by the house and signed by Speaker Clark at 12:10 today.

Just before news of Marshall's signing the resolution reached the White House, the president and Mrs. Wilson went out for a short walk.

Every seat in the gallery and every seat in the chamber was filled as the official messenger from the house entered just after the chaplain's prayer and announced:

"A message from the house of representatives. There was an audible intake of breath. The crowds of representatives and their clerks, and the government officials banded deep behind the senators' desks, shifted nervously." (Continued On Page Twelve)

tempt to solve the question of a permanent military policy for the country, chiefly for the reason that in these anxious and disordered times a clear view cannot be had either of our permanent necessities or of the best mode of organizing the proper military peace establishment. The hope of the world is that when the European war is over arrangements will have been made composing many of the questions which have hitherto seemed to require the arm of the nation, and that in some ordered and just way peace of the world may be maintained by such co-operation of force among the great nations as may

be necessary to maintain peace and freedom throughout the world.

"When these arrangements for a permanent peace are made, we can determine our military needs and adopt our course of military preparations to the genius of the world organized for justice and democracy."

"The present bill therefore, is adapted to the present situation, but it is drawn upon such lines as will enable us to continue its policy, or so much of it as may be determined to be wise, when the present crisis has passed."

BIG TIME FOR WOODMEN

Tonight will be a red-letter night in the history of Woodcraft, so far as Portsmouth camp, Modern Woodmen of America is concerned. A large class will be adopted and this will be followed by a tempting spread. The social committee was given unlimited power so far as preparing the feed is concerned, and it is needless to add that the boys will have something worth while. The meeting tonight will be opened promptly at 7:30 o'clock and it is hoped that every officer will be in his station at that time. Every member of the camp is cordially invited to be present as are any visiting neighbors. The work will be put on in a splendid manner and a fine time is promised all who attend.

"THIS WAR WILL BE WON ON FOOD"

Washington, D. C., April 6. —Food for the nation's soldiers and food for those "left behind" as well, today took a co-ordinate prominence with finance among the government's first step to win the war.

ment to the nation.

As Quick was making his statement, Secretary of Agriculture Houston was disseminating through all news agencies an appeal to housewives dealing with conservation of all food stuffs and elimination of waste in the households.

In the meantime talk of

government supervision of food distribution continued in governmental circles and among members of the Council of National Defense.

There was evidence today that appointment of a food dictator similar to those

named in some of the European belligerent countries will be fought. Some government heads said today there should be no such step until intensive farming and home gardening projects have been given fullest test.

An inventory of the estate of Adam Bauer was filed with Probate Judge Nate B. Gilliland Friday. It shows a total of \$2360.35. Henry Poetker, William Kuchner and John Shump were the appraisers.

Action Omitted

The action for divorce brought by Charles H. Grimes against Norma Grimes was dismissed in common pleas court Friday, according to an entry recorded on the journal. Blair and Kimble represented the plaintiff.

Guardian Resigns

Frank McGeorge, guardian of Margaret Crowe, has forwarded his resignation to Probate Judge Nate B. Gilliland.

Final Account

Final account of Anna Mareconnet, guardian of Davis A. Murphy, filed in probate court Friday shows receipts amounting to \$846 and expenditures of \$738.13.

Denials Entered

Denials of negligence alleged in an answer filed by the plaintiff in the case of Joseph Nolan against George D. Selby, were made by the plaintiff in a reply filed in common pleas court Friday. Milner, Miller, Searl and Marting represent the plaintiff and Bannan and Bannan the defense.

Judgment Reversed In Timmonds Case

Judgment was reversed and the case remanded to the court of common pleas for a new hearing Friday by Judges W. H. Middleton and Festus Walters, court of appeals, according to an opinion filed with County Clerk John W. Hall Friday in the case of Samuel B. Timmonds, plaintiff-in-error against John Shonkwiler, defendant-in-error.

In the court of common pleas S. B. Timmonds secured a permanent injunction against Shonkwiler, restraining him from alleged violating a building restriction in the Timmonds Second Allotment. This was in 1914. The case was taken on appeal by Shonkwiler and a decree was granted to Shonkwiler. Application was made for a supreme court review and this was refused December, 1914. Then the

Fashion Hints from the Bischof Style Show The New Spring Suits

Fashion's new developments in suits is of more than passing interest. As exemplified in the products of Dischof's art and skill now on display, they have especial charm.

Of special note are the new silhouette with the skirt losing considerable of its former flare and showing a tendency to develop fullness about the knees; the many novel arrangements of pleats in the jackets; the tendency in many suits to emphasize the pockets; and the numberless variations of the belt or sash.

SOCIETY

Miss Sue Brown, daughter of Mr. and Mrs. David Brown, of Cincinnati, and Dr. Linus French, in the Government employ in Alaska, were quietly married Wednesday evening at the bride's home in Cincinnati. The happy couple left that evening for their home in Alaska. Miss Brown is a class-mate of Miss Ruth Hopkins at the Cincinnati Kindergarten Training School. She announced her engagement on Tuesday of this week and was married on Wednesday. The bride is a cousin of Mrs. Guy Williams, has visited several times at the home of Miss Helen Rardin and is well known in the young set in this city.

Dr. and Mrs. William D. Schaffer have moved from 1120 Third street to 1549 Ninth street.

Mr. and Mrs. Raymond Wilcox will go to Columbus Saturday, April 14th, to attend the wedding of their brother, Mr. Charles S. Wilcox, of Christiansburg, Va., and Miss Edna Maude Blue, which will take place that evening. Mr. Raymond Wilcox will act as best man and will return home after the wedding. Mrs. Raymond Wilcox will go on to Wheeling, W. Va., where she will visit at the home of Mr. and Mrs. John L. Grimes (Irma Bauer).

The Matron and Maid Club will meet next Tuesday afternoon at Seel's parlors, where Mrs. Adam Buch will be the hostess.

Miss Gladys Belvin, employed in Win Nye's, has gone to her home in Garrison, Ky., to spend the Easter holiday with relatives.

Miss Helen Rardin came home this morning from Randolph-Macon Woman's College, Lynchburg, Va.

Miss Ruth Hopkins came home yesterday from Cincinnati, where she is a member of the Senior class of the Kindergarten Training School.

The ladies who are planning to go to Georgetown for the Presbyterian meeting, will be expected to leave Portsmouth on the 7:15 a. m. N. & W. train, April 17th, which arrives at Mt. Oreb at 9:56. Autos will be in waiting to convey the party to Georgetown. The fare from Portsmouth to Mount Oreb is \$1.35. The trip by auto from Mt. Oreb to Georgetown is \$1, making the round trip cost \$4.70.

Miss Ruth Crawford will come home from the College of Music in Cincinnati to spend Easter with her parents on Franklin Boulevard. On Sunday evening she will play Krusier's beautiful "Rondina" and "Old Refrain" in Trinity church. She had the pleasure of hearing the famous violinist play these favorites and repeat them as encores in his recent concert in Cincinnati.

Dr. T. M. Sallards and wife, of Detroit, Mich., and two sons, David and Paul, of Miami Military College, Germantown, O., are visiting Mr. and Mrs. Vaughn Shiers, of Lincoln Hill.

The David Tappan Guild of the First Presbyterian church met last evening at the home of Miss Roosevelt McKinley, on Front street. There were thirty-two members present, with three guests. Two new members were added to the list. Two letters were read from David Tappan, whom the society is supporting in Heian, China, and they also aid in a hospital in Alaska. Miss Margaret Brown was elected delegate to the Presbyterian meeting to be held in Georgetown, April 17th. The hostess served refreshments at the end of the meeting.

The Evening Five Hundred Club will be entertained next Monday evening at the home of Miss Bess Pixley.

Hiram Whittington, of Fourth street, has gone to Lake Providence, La., where he has accepted a position with the government.

Miss Margaret Legler leaves next Wednesday for Kansas City, Mo., where she will visit friends.

Miss Edna Streich will be hostess at next Thursday evening's meeting of the Evening Bridge Club.

Miss Helen Haldeman will leave next week for Boston, Mass., to resume her studies at Miss Evans' school. Her room-mate, Miss Sieberling, of Akron, is quite ill, having undergone an operation for appendicitis, and will not be able to return to school.

Martha Jane Spencer, who is ill with scarlet fever, is getting along nicely at the home of her aunt, Mrs. F. C. Goodwin, and her little sister, Anna Grace, while she is holding her own, shows slight improvement, as her side where the incision was made, is giving her trouble.

Mrs. Earl Rardin has gone to Wellston to see her parents, Mr. and Mrs. R. W. Goddard, who are ill with grip. Little Miss Marcelle Rardin is staying with her grand-parents, Mr. and Mrs. J. J. Rardin, during her mother's absence, as her cousin, Franklin Scott, of Wellston, is ill with scarlet fever.

Mrs. August Maier, 516 Sixth street, recently returned from a visit with her daughter, Mrs. W. H. Payne, in Norwood, and was accompanied home by Mrs. Payne, who has returned to her home.

The Credit which he obtained of Queen Isabel enabled Christopher Columbus to make the journey resulting in The Discovery of America

There was no thought of "ethics" or "dignity." In fact, it would have been admitted even by the enemies of Columbus that it would have been foolhardy for Columbus not to have availed himself of credit.

And today, "credit" is the standardized way of doing business. A firm is proud of its "rating" which is merely a statement of how far the firm may be "credited." And this business method helps you.

Credit enables you to have a beautiful home of your own, living in it while Paying for it.

This Solid Oak DAVENETTE \$32.75

Terms \$2.00 Cash \$1.00 Weekly

By Day It's a Cozy Davenport

Deep cushions, over steel springs that impart a joyful resilience. The rigid oak frames are well matched with a fine imitation leather that is as rich in appearance as fine leather—that wears like fine leather—and that costs nowhere near as much. The panel-back is a good-looking feature, as well as a useful one, keeping the upholstered back from "lumping" in the center. The edges of the upholstery material are securely taped in place.

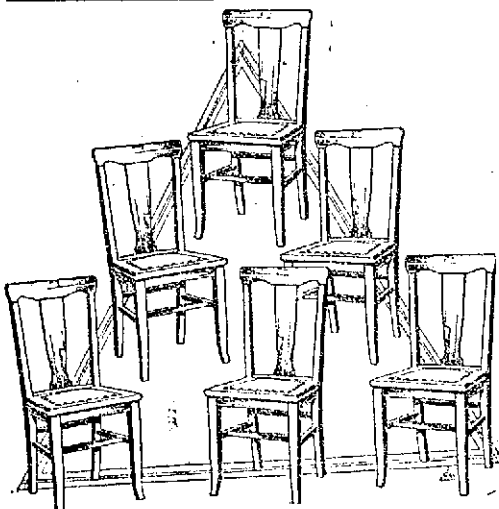

And by Night It's a Good Bed

A slight lift throws open the seat, discloses the bedding and the bed. It requires but a few minutes to prepare it for sleep, and it affords a good night's rest. For the out-of-town visitor, who would otherwise find the family unprepared for receiving guests, will appreciate the rest it will afford him, and the embarrassment it will avoid for you will more than justify the expenditure. And you need such a davenport as this anyway, to lend a finishing touch to your living room.

Don't Delay Now That Such an Offer Is Before You

When you will have occasion to use a davenport, you cannot tell. And you know that you will not soon again see so splendid a davenport as this at only \$32.75. You can afford it now—our liberal credit plan will enable you to purchase it. A small deposit is all that is required before delivery. The rest may be paid in small weekly amounts. Come in today to see this divanette.

The Mattress—

—is a cotton combination one. It is built in so that it will not pack hard and lumpy, with use. It is covered with a good quality, heavy blue ticking, in a neat design. Nicely tufted and taped at the edges.

The Bed—

—is in the new light-weight model, of seamless steel tubing. The enamel is unusual in that it will stay white, or Verne Martin, and will not flake off, when given a little care. The continuous pillars are two inches in diameter, and the fillers are one inch. Extreme simplicity and sound proportion mark the construction. When you buy this, you buy a bed of the highest quality.

The Spring—

—is in the sanitary open-link construction. While resilient and comfortable, it is easy to clean. Made of steel links, securely fastened together. The frame is light, yet extremely rigid.

Ask For Patriotic Public Meeting

The resolution by Portsmouth Council, No. 38 Jr. O. U. A. M. that the Board of Trade and the Business Men's association be requested to arrange for a patriotic demonstration and mass meeting in the city of Portsmouth and

The resolution that Portsmouth Council No. 38 Jr. O. U. A. M. call and to the best of its ability for the making of a success of same.

The above resolution was passed Thursday evening at the fifteenth anniversary meeting and celebration held by the Jr. O. U. A. M. in their new hall in the Selby building on Gallia street. Copies were sent to each organization.

The largest crowd of the year was present. The Junior band was present and played patriotic airs during the evening. Honored guests present were Rev. James H. Miller, past state councillor of West Chester, O., and Dr. S. O. Coffey, past state councillor of Columbus. Both men made splendid patriotic talks and it was at

the suggestion of Rev. Miller that the resolution was prepared and passed. "The visitors praised the local council for the steps they had taken in the free text book question and the right within the order," it was stated to "The Times". Refreshments were served at the close of the meeting.

Thursday Night Memorable One In History Of Aurora Lodge F & A M

More than three hundred and twenty-five Masons attended the annual inspection of Aurora Lodge No. 45, F. & A. M., Thursday evening, at which Hon. Joel C. Clure, postmaster of Cincinnati, and Grand Master of the Grand Lodge of Ohio, and Hon. Hugh M. Lynch, Chillicothe, district inspector, were guests of honor.

The distinguished visitors arrived at the Washington Hotel, where the grand master and inspecting officer were taken for a tour of inspection of the two mammoth plants of The Selby-Sine company and The Whitaker-Glessner company.

At six-thirty o'clock, an escort, comprising the River City band and two hundred Masons marched to the

low Craft degree was conferred upon one candidate. High tribute to the splendid condition of the lodge and efficiency of the officers was paid by the two guests.

Following the exemplification of the Fellow Craft degree, a luncheon was served. The National colors predominated in the decorative scheme. Small silk American flags were presented to each.

Before the assemblage was seated, the national anthem was rendered. The program follows:

Song—"America," by assemblage, led by the Masonic Quartette.

Grace—by Dr. George P. Horst.

Toastmaster—F. B. Winter.

Remarks—Hugh M. Lynch.

Song—Masonic Quartette.

REVIVALS

At Central Presbyterian

The special services at the Central Presbyterian church have been well attended. The meetings have been inspiring the church revived, a number have made confessions of Christ. There will be meeting tonight at 7:30. Public cordially invited. Special services on the Sabbath. The session will meet this evening to receive candidates for membership. Those who can, conveniently, are urged to meet the session tonight. The session will meet again Sunday morning to accommodate those who cannot be present this evening.

At First Christian

Even if the brand of weather Thursday night was of the most miserable kind, a splendid audience was in attendance at the successful revival services at the First Christian church. The call for volunteers in the service of the church was answered by four persons, bringing the total number of converts to 81, and with splendid prospects of going far beyond the 100 mark. Rev. Oakley delivered a forceful sermon on the subject, "Jesus and Obedience," drawing the conclusion that the secret of any successful life rests wholly in constant obedience to the commands of Jehovah. Rev. Oakley stated that eternal salvation depended upon obedience, in fact is predicted upon obedience. He said among many other good things that "to know a thing in reality one must know it from a practical standpoint—theory will not get one very far. The harmonizing of one's life to the will of God will bring salvation. When you start the Christian life, you have enlisted in a continuous service."

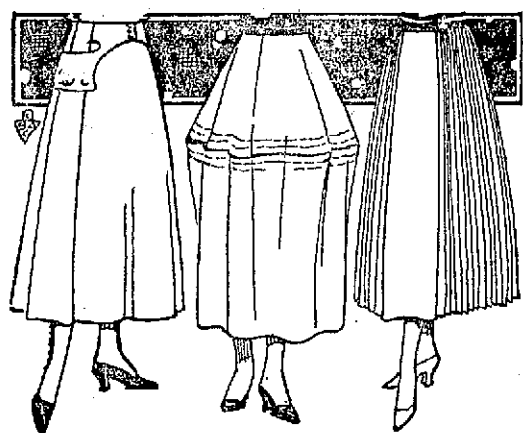

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot troubles.

It May Be You Just Want a Separate Skirt

It may be that you have a few pretty blouses and you do not feel the need of a dress or suit. In that case this special showing of separate skirts, quite the most pretentious we have displayed in many a season will interest you greatly.

Of course every skirt in the display reveals touches, new with this season and possessing individuality and distinction that will readily stamp the wearer as being up to date.

Cloth Skirts \$5.00 to \$12.50

Our line of cloth skirts, mostly dark, is composed of such popular fabrics as Serges, Wool and Silk Poplins, Shepherd's Checks, Scotch Mixtures and Fancy Stripes. The style and fit of every skirt is splendid and the workmanship all you could ask. Greatly varied lines to choose from at \$5.00 to \$15.

Silk Skirts \$6.00 to \$15.00

Of course you will be interested in these new Sport Skirts in all colored stripes, and with them we show a line of navy and black skirts, many having the fancy pocket effects so popular this Spring. Prices \$6.00 to \$15.00.

White Wash Skirts

Just opened up a wonderful line of these and the demand promises to be bigger than ever. Full assortments of Gabardines, Poplins, Crashes, Fancy Basket Weaves and Pique as well as Sport Skirts with fancy stripings. These are very attractive and are very moderate in price, \$1.50 to \$7.50.

its amusements and its punishments. Humanity is in a very degraded state when it takes delight in gladiatorial contests, bull fights, prize fights, barlequin shows and some classes of moving pictures that are frequently shown. Human society is just beginning to realize that torturing and inflicting cruel punishments on its offenders does not make

them better men. Human society crucified two highwaymen with Christ but it did nothing to restore their manhood.

One of the striking things about the center cross is that it has always proclaimed the guilt, not of Him who died on it, but of those who placed Him there. It told of infinite sin against infinite innocence. The cross reveals

not only human guilt and sin but also in some mysterious way it reveals the infinite divine love for us.

The three crosses are typical of three things: (1) The impenitent sinner who becomes harder in sin even unto death; (2) the sinner who becomes penitent, believes in Jesus and is forgiven; and (3) the immortality of divine love.

Dr. Grimes concluded the message with a solo in keeping with the sermon which helped to sink the thought into the hearts of the hearers. The subject for tonight is "Light Amid Omnipresent Darkness."

Grandview Ave.

Young peoples social at the close of the revival services at the Grandview church tonight. All young people invited. A good social time for one and all. A party for the children has been planned for Saturday.

There will be services on Saturday night as usual. The booster chorus will sing and the sermon will be "The Last Boy."

Tonight the sermon subject is "Success and Failure, Why and How." Only three more nights

of revival, so everybody come. Special music tonight by the Harbisons. A well filled auditorium last night in spite of rain. One more confession and three baptisms.

MacDonaldisms: This life is our only chance to prepare for heaven. At least the bible does not tell of a second chance.

You don't have to die to be saved—salvation begins when you accept Christ.

Sometime is no time. The longer one neglects becoming a Christian the smaller his chance to be saved.

God is trying all the time to save you but he can't save you against your will.

There will be some great family reunions in heaven for those who have the entire family in the kingdom.

It'll must be awful or God would not have given His only son to keep us out of it.

God must have loved more than we can understand since He gave His son to die for us.

FRECKLES

Now Is The Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

A Different Story Of Women's Easter Footwear

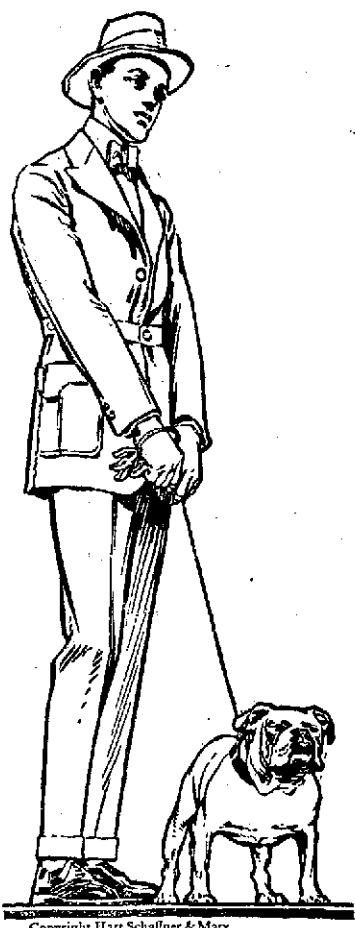

From any we have ever put in print. Year in, year out, as all women remember, the footwear fashions have always had, at Easter time some sort of definite "note" or "trend."

BUT THIS YEAR THE "PROPER" SHOES ARE A LITTLE OF EVERYTHING!

Boots, pumps, oxfords, whites, greys, browns, blacks, many two tone combinations. All are being asked for—and we are showing them all. But each of these fashions—as exemplified here—is decidedly "different."

AND THE PRICES ARE WELL WITHIN EVERYBODY'S PRICE RANGE!

You Need Not Succumb To That "All-Run Down" Feeling

Simply Cleanse Your Blood of Its Sluggishness So Prevalent in Springtime.

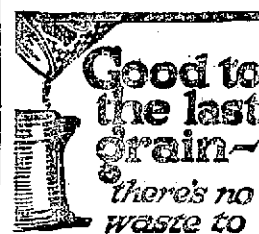

Possibly you are one of the thousands who just at this season find that you are losing your appetite, your system gets weaker day by day, you are easily tired, and a general good-for-nothing, run-down feeling seems to pervade your whole body.

This condition is very general at the beginning of Spring, and is nature's appeal for help in preparing the system for the change in seasons. Your blood is sluggish and impoverished, impurities begin to clog up the arteries, and your system needs a general purifying and housecleaning to put it in shape for the coming summer.

Just now the best investment you can make is to take a few bottles of S. S. S., the great blood purifier and tonic. This purely vegetable remedy has been in general use for more than fifty years, and thousands use it regularly every spring. It has no equal for thoroughly cleansing the blood of all impurities, improving the appetite and toning up and giving renewed life and vigor to the whole body. Go to your drugstore and get a bottle today and start early on the important work of putting your system in tip-top shape.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitised coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitised coconut oil at most any drug store. It is very cheap, and a few nines is enough to last everyone in the family for months.

(Continued From Page Six)

The house messenger was escorted to the vice president's desk and solemnly delivered the portentous paper. It was immediately handed back to Marshall, who had wrung his hands nervously for a long three minutes between the presentation of the resolution and his receipt of it.

As he waited for a clerk to record the bill on the big senate of-ficial ledger, Marshall took up a new stub pen, wet it carefully with his tongue and held it ready. As the resolution was put on his desk, after a little saunter had been erased in the space left for his signature, Marshall dipped the pen into an ink well and signed "Thomas R. Marshall."

The vice president then carefully shook the superfluous ink into a convenient cuspidor. While the bill was going through the little formalities of the senate, the reading clerk was reading the usual set of telegrams from "back home."

Every little stir sounded noisy in the silence of the senate chamber.

As Marshall finished there was a long drawn sigh from every one. Those in the galleries and on the floor squirmed and twisted for a better chance to see history in the making.

There was a wild scramble in the press gallery as newspapermen dashed for the wires with a word of nation going to war.

The buzz and apparent confusion not noticeable in normal times, sounded like a threshing mill in operation in contrast to the quiet that had preceded it. South Trimble, clerk of the

house, presented the resolution in person an unusual proceeding for capitol officials.

The usual procedure was followed.

Trimble entered the center aisle of the senate, awaited a pause that followed the morning prayer.

"A message from the House of Representatives," announced a senate secretary.

"Mr. President," said Trimble. "Mr. Secretary," Marshall replied.

"I present senate joint resolution number one," said Trimble, "declaring that a state of war existed between the Imperial German government and the government and the people of the United States and making provision to prosecute the same."

Trimble cleared his throat raspingly. Marshall followed suit and it sounded as though every one else emulated the example set.

"I present also," continued Trimble, "house resolution number 12, an act making appropriations for the army."

Trimble turned to leave the senate, handing the bill to the senate employe sent to greet him. Senator La Follette did not turn his head as the momentous resolution was announced and borne down the aisle to the clerk's desk.

He continued to sort documents on his desk busily.

Senator Stone gazed absently into the galleries. Every other senator leaned forward intently as Vice President Marshall picked up his pen.

It took just three minutes for the momentous measure to run its

Competition Flour

We find it necessary owing to the high price of wheat to advance Competition flour five cents on each sack. At the present prices we are much below the market flour supposed to be the same grade as Competition is now wholesaling at eleven dollars per barrel. Most merchants are now getting one dollar and fifty cents for flour or twelve dollars for the barrel. It will soon be necessary for us to get the same, so while times are still good lay in your flour for it sure will be higher. Special per sack \$1.35; special per barrel \$10.65

CITIZENS URGED TO AID FIRE DEPARTMENT BY "FLAGGING"

A serious smash-up between the heavy fire truck at the East End engine house and Fire Chief George Koerner's machine was averted Thurs-

day afternoon only by quick presence of mind of the chief and driver of the truck.

The fire chief was making a run to a fire on Seventh street.

He was driving east on Eighth street. The East End truck was going south on Campbell avenue. Both drivers expected people who were standing

on the corner to flag them. But this was not done. Chief Koerner suddenly swerved south on Campbell avenue when the two cars met at the street intersection, just missing the big truck.

Speaking about the near-accident Friday, Chief Koerner said that he would again urge people to flag the fire companies when on a run, so that the cross overs would be

safe.

The people standing at Eighth and Campbell avenue, the chief says, saw the truck coming and the chief's car. No attempt was made to flag either.

A defective gas connection was the cause of a small fire at the home of William Baker, 2114 Seventh street. The damage was about \$10. It was extinguished with chemicals.

600 In City Eligible For Call

"How many young men are there in this city between the ages of 20 and 23 and subject to the first call to duty," was asked of me by a Times reporter this morning. This constitutes three classes, as I understand it, the twenties, twenty ones and twenty-tuos. My census of persons of

school age in the City of Portsmouth of 1915 shows that there were then between the ages of 16 and 21, males 1233. This embraced five classes, viz: sixteen to twenty: Three-fifths of this would be 735.

Add to this our normal increase of 5 per cent annually,

or ten per cent, 75, we should have in May 1917, 810.

Three fourths should pass muster creating a force of say 600, and as the city is one-half of the county, then Scioto county could send forth a full regiment of 1200 huskies.

Very respectfully,
JOSEPH W. MITCHELL.

D. C. Journey's Little Son Is Much Improved

McDermott Man Tells How Nerv-Worth Brought Better Health

The convincing character of Nerv-Worth endorsements is outstanding. They are nearly all from well known local or neighborhood folks. They bear the writer's signatures. They have the marks of truth upon them. This is a typical one:

"Nerv-Worth Co. I am now purchasing my third bottle of Nerv-Worth. I have given two bottles to my son, 21 months old, who was very nervous. He is very much improved. I can highly recommend it to others.

I would not be without it in the home as a family tonic for nervousness.

A Splendid Meeting

The West Portsmouth W. C. T. U. met at the home of Mrs. A. Windle Thursday afternoon, and held a very interesting meeting. This was Suffrage Day and the programme was in keeping. Mrs. Fowler had charge of the devotionals. Short papers on Prohibition and Suffrage were read by Mrs. Dennison, Mrs. Damron, Miss Mary Davis, Mrs. E. C. Hood and Mrs. L. E. White. The next meeting will be held at the home of Mrs. Elizabeth Lowry, Eighth street, with the following assistant hostesses: Mrs. Johns, Mrs. H. C. Stewart, Miss Martha Hoffman, Mrs. Emma Arthurs, Mrs. Dora White, Mrs. Boyer, Mrs. Mae Marsh and Mrs. Newland.

Our Entire Stock Reduced Before Easter Instead of After

Taking inventory of our stocks, disclosed the necessity of holding a readjustment sale to dispose of all the odd garments and incomplete size lines that have accumulated through the past few weeks of busy selling. Preferring to give our patrons the benefit of these savings before Easter instead of after, we offer them at decided reductions on their former marked prices and you'll no doubt take advantage of this unusual announcement.

CADETS READY TO OFFER SERVICES

Culver, Ind., April 6.—Culver Military Academy is ready to offer the services of its present cadets, under military age, to the government as drill masters for green recruits, to be utilized as the cadets of the Virginia Military Institute were by the Confederacy at the out-break of the Civil war. Cadets of military age and former cadets are responding to the present situation by taking examinations for commissions as reserve officers of the United States army.

Colonel L. R. Gignilliat, head of the school, today outlined this plan for present and former students of Culver to serve their country. The services of the famous Black Horse Squadron will be offered to the government.

The military college will immediately start a special training course open to former cadets, wishing to bring their training up to date and to other candidates for commissions in the army.

Auto Fleet Of 20,000 Is Planned For Ohio

Toledo, O., April 6.—The Ohio Automobile Association has initiated a plan to organize an Ohio fleet of 20,000 automobiles to help in the war. Each owner is to drive his car, and the fleet is to be divided into squadrons of 32 cars with proper officers for each. The plan was divulged at a meeting here last night.

This fleet will offer its services to the government in any capacity preferred. Transportation of troops and supplies on all kinds will be favored. Officials of the state association believe an almost invaluable service to the government can be supplied during the mobilization and training of the new troops.

THE MOVIES

A Return Engagement of This Great Picture, Columbia Tonight

The Columbia announces a return engagement (For One Day Only) today, of Clara Kimball Young in "The Common Law," the first of her special pictures by her own special Selznick producing company.

This great picture was shown at the Columbia on the 15th and 16th of December, and as the weather was

extremely cold on both of these days, many people did not get to see it, and many requests have been made for its return.

Manager Tynes is anxious for everybody to see this great picture, and the return engagement tonight will be offered at an admission price of only 10 cents, and you simply can't afford to miss it.

"Adventures of Buffalo Bill" Thrilling Photodrama of Life Perils of Col. William F. Cody

"Buffalo Bill's Wild West show is coming to town!"

Millions of children throughout the United States have uttered this shout of joy during the past decade; they have set their alarm clocks and gotten up at daylight to go down to the station and meet the train; to watch, wide-eyed and with open mouths as the bands of Indians, the cowboys, buffaloes and horses decorated and moved to the circus lot where the big tents were being erected. Later they saw the big parade, and then gathered in the tent to watch the famous platoon and his show.

"Buffalo Bill" is dead now, and his show—the tented one—will never again be seen. But "Buffalo Bill" has left us a more thrilling show than was ever witnessed before. It is Essanay's current feature, "Adventures of Buffalo Bill."

A year or two before Col. Cody died the picture was filmed by Essanay. It is an historically accurate account of the famous Indian fighter's life. It shows "Buffalo Bill"—the actual man—first in the early days of his career in the wilderness; it carries him on through his battles with the Indians—showing them just as they occurred—through his great hunting trips; and gives intimate glimpses of his life up until his death.

Five thousand Indians and United States troops were used in the filming of this stupendous picture. Major General Nelson A. Miles and other great leaders of the nation's pioneer army also are shown. Don't miss this wonderful show at the Lyric tomorrow.

"The Unborn" At The Exhibit

Babies are the living links in the chain of immortality. Is it right to limit the birth of children? See "The Unborn" at the Exhibit today where the question is forcibly brought to the attention of the public.

A powerful attack on present practices of physicians who are violating the laws of God in preventing procreation of the races. It brings home sensational facts. A delicate subject whose solution is of the greatest importance for the welfare of future generations. It strikes at the root of an evil and frankly shows the truth.

It is your moral duty to see "The Unborn." Every mother, son and daughter should see this wonderful photoplay. Critics everywhere are hailing this frank portrayal of the sex problem as most timely. Abortion and premeditated destruction of children is doing more to depopulate this earth than the European war. "The Unborn" is in 5 great acts and will be shown for the low price of 25 cents.

At The Strand

Another chapter of the latest and greatest Helen Holmes chapter play, "A Lass of the Lumberlands," tonight, in addition to two other two-reelers. "The Runaway Car" is the title of Chapter 7, showing tonight. See Helen Holmes tonight. "With or Without" is a Vogue comedy in two parts. J. Warren Kerrigan is the star in "Almost a Friar," an American 2-net drama that is a high class photoplay production. Manager Welch has booked a 2-act Ker-

igan picture for every Friday. See the first one tonight.

At The Temple

Pretty Lillian Gish is the attraction tonight at the popular Temple. Every Friday night is Triangle night. The headliner on today's Triangle bill is "Diane of the Folies," a five part Fine Arts production that is worth 25 cents. It is a master stroke in photoplay and should be seen by everybody tonight. Lillian Gish is one of the Triangle's best stars. Charles Murray and Louise Fazenda feature in "Maid Mad," a two-part Keystone comedy filled with laughs.

At The Arcana

Jack Mailhall is the star at the Arcana tonight. The Red Feather feature in five parts tonight is "The Terror," a picture play that is the latest thing in moving picture art. "The Terror" is a picture built along the lines of its name. Each scene brings a new thrill and sensation that is sure to make you grip your seats with fear. Jack Mailhall, who is in the leading role, is one of Universal's stars. Be sure and see it tonight. Don't miss tomorrow's bill.

AN INDIGESTED DINNER

Worse than a badly cooked dinner is a dinner that you can't digest. Do you know what it is to turn away from the best food, ill humored and without appetite, though you know that it is dinner time and that you need food to sustain you? This is nature's way of telling you that your digestion is out of order. Your stomach is not in a fit state to absorb food if you eat it, or your blood able to carry the necessary nourishment to your nerves, brain and muscles. First of all, put off eating until you are hungry. If you eat when you are not hungry you can't digest the food.

To put your blood in the right state to derive good from your food, take Dr. Williams' Pink Pills. Without any purgative or weakening effect they purify your blood and enrich it, so that you not only have an excellent appetite for food, but are able to digest it comfortably and get benefit from it.

So many dyspeptics have been helped by this simple treatment that every sufferer from stomach troubles should try it. A diet book, "What to Eat and How to Eat" will be sent free on request to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or a box will be sent by mail, postpaid, on receipt of fifty cents.

SPRAINS AND STRAINS RELIEVED

Sloan's Liniment quickly takes the pain out of strains, sprains, bruises and all muscle soreness. A clean, clear liquid easily applied, it quickly penetrates without rubbing. Sloan's Liniment does not stain the skin or clog the pores like mussy plasters or ointments. For chronic rheumatic aches and pains, neuralgia, gout and lumbago have this well known remedy handy. For the pains of grippe and following strenuous work, it gives quick relief. At all druggists, 25c.

EASTER GOOD THINGS TOO EAT

Fresh Butter, Eggs and Chickens, Fine Ham, Bacon, Peas, Fancy Lettuce, Radishes, Green Onions, Kale, Sweet Potatoes, Peas, Home Grown Potatoes, Apples, Oranges, Bananas, Fine Peaches, Prunes and Apricots, Swiss, Cream and Brick Cheese. Sweet, Sour, Dill coffee and tea on earth.

RAILWAYS OFFER CARS TO WAR DEPARTMENT

Washington, D. C., April 6.—The United States will wage war with the unstinted and the co-operative backing of the greatest transportation system in the world's history. The American Railway Association, spokesman body for ninety-seven per cent of the country's 250,000 miles of rail lines, has offered the war department its resources down to the last flat car, if necessary to speed the assembling of the men at arms present and prospective. It was announced today. Furthermore all plans for the

most thorough-going active co-operation between railroad officials and the department wait but the word of the department.

With this word the transportation experts on the roads pay rolls will enter the war department, the various army departmental headquarters and mobilization centers and virtually take over the armies' mobilization problems.

the state for new tags, but have never received them. Can I use my car, or will I have to wait until I get the new tags, and where can I get a rug cleaned and what will it cost?

WANT TO TAKE A RIDE.

You can use the old ones until the 1917 tags arrive. If you will phone me, or send stamped envelope for a reply, I'll tell you where you can have rugs cleaned.

Dear Dolly—I am a little Kentucky girl coming to you for advice. I am going to be married soon. Would it be alright to be married on Easter Sunday? I want to wear a pink messaline dress. Is it too early for my friend to wear a light suit, or should he be married in dark? Where do you get a license in Portsmouth. I am nineteen years old.

KENTUCKY.

It would be all right to get married on Easter if you have no objections to having the knot tied on Sunday. If you already have a pink dress, wear it, but if you are going to buy a new one, why not get a white one. A light or dark suit would be all right for the groom.

Miss Dolly Wise—If there is a Board of Health here, how many inspectors have they? I have been here a year and have not seen one yet. The city where I came from is just about the size of Portsmouth, and there are three inspectors that are out every day on their rounds in

specting the city, and even the vacant lots are kept in good condition, and Dolly, if war comes, which will be the biggest heroes, those who join the army, or those who go to the farms and grow produce for the soldiers and women and children to eat?

STEELWORKER.

They have a plumbing inspector, if that is what you mean. If you know of any place that needs attention or inspection, notify the board of health or Health Officer, Dr. W. W. Smith. His phone number is 143. I should say the people who go to war make a greater sacrifice than those who stay at home to farm, although we will surely need good farmers, too, if the war lasts very long.

Dear Dolly—You have helped so many people, I would like you to answer a few questions for me: I am 21 and in love with a man 30 years old. Do you think our difference in age would be a drawback? We are to be married soon and I would like you to advise me at once.

DIMPLES.

He is not too old for you.

Dear Dolly—I would like to know how to clean feathers to make pillows from a feather-bed. Do you know anyone who does this work in Portsmouth?

READER.

You can have feathers cleaned or washed at a laundry.

Abdominal Reduction is positive with Rengo Belt Reducing Corsets

RengoBelt Corsets exemplify a single thought—strength to bring style with comfort where size is a hindrance—and to maintain it with satisfaction during a season's wear.

Thus Rengo Belt Corsets are reducing garments as a first principle—designed exclusively for medium and stout women. Beginning at the abdomen, where all figures tending toward stoutness must apply the moulding principle of reducing corsets, these famous corsets straighten the abdominal line by a scientifically tailored Rengo Belt, which distributes the stress over the entire front of the garment and thus accomplishes reduction without the least particle of discomfort.

The wondrous strength of Rengo Belt Corsets throughout their entire construction, including even the doubling of watch-spring steels for boning, guarantee these garments positively free from stretch or breaking and thus insure a full season's wear with continued satisfaction and comfort.

Columbus, April 6.—Next boxing in Columbus will be done the evening of April 16, according to an official announcement last night. Mike O'Rourke, Empire Club will be the producer. Rocky Kansas, the Buffalo whirlwind, will be in the main bout, and his opponent will be Gene Delmont, Memphis lightweight, who is in the Cleveland stable of Jimmy Dunn.

Columbus, April 6.—Shortstop Stoll and Pitcher Lingrel were released yesterday to the Peoria club of the Three-I league, of which Tinker is half owner. It is possible that Catcher Murphy and Pitcher Schenberger will go shortly to join the Muskogee club of the Central league.

Lingrel is a former Ohio State leaguer. Homer Thomas, clever little Columbus fighter, who has been seen in the local ring twice within the past month, has decided to locate in Portsmouth. He will meet all comers at his weight, 118 pounds.

Cincinnati, April 6.—Ty Cobb, star of the Detroit Tigers, arrived here last night to train with the Reds for a few days while waiting for the Detroit team to come north but a heavy rain prevented him from getting any out-door practice today. Cobb came here following his fight with Charley Herzog at Dallas Saturday.

Chicago, April 6.—Catcher James Archer, a holdout, signed with the Chicago Nationals today. He previously had declined to sign because of a reduction in salary.

Joe Thomas and Terry Ketchel are to tangle for 10 rounds at Pomeroy on April 10. The Columbus millers accepted terms for the battle yesterday. Franklin Callahan will go in the semi, meeting either Allen Douglas or Young Nichols of Chicago in eight rounds.

Our old Cal Crum is with the Boston Nationals and local fans will watch his boxwork with interest this season. Crum formerly wore a Portsmouth uniform and is a rattling good pitcher. He also formerly pitched for Charleston in the Ohio State.

Will Friel well known football player and coach of Ashland is in the city visiting friends.

New York, April 6.—Johnny Jones, 8-year-old chestnut gelding today became the property of Colonel Paul Brown of Missouri, who paid \$20,000 for the famous show horse.

Oxford, April 6.—President Hughes of Miami University today announced that, when school opens after the spring vacation, April 12, all gymnasium classes would be abolished and that Physical Director Brodbeck would give military training to all students. The training will consist of setting-up, drills, cross-country hikes and other maneuvers calculated to put the boys in condition for service with Uncle Sam.

Jess Willard Not Sure Morris Is Good Enough

Chicago, April 6.—"I'll take another look at Carl Morris five months hence and see how he looks then before deciding whether to give him a chance at the heavyweight championship."

This was the statement of Jess Willard today as he made preparations for a trip to Norfolk, Va., where he will give a wild west show.

Asked whether he believed Morris' fight with Fred Fulton at New York last night was sufficient to qualify him for a crack at the title, Willard said: "I don't think Morris' showing ought to give him a fight with me—at this time. Any way, my show contract is for about five months and I can't do anything until it expires."

Inspection Friday, The 13th

Thirteen is a lucky figure for Calvary Commandery.

It is the number of the lodge. The annual inspection will be held on Friday, the thirteenth. Between sixty and seventy-five members of Houselman Commandery, Cincinnati, will attend the inspection, making the trip Friday, Hon. Charles Henry, past eminent commander of the Ohio Knights Templar, will be the inspecting officer.

Harry S. Johnson, John E. Williams, George W. and William F. Zottmann are making final arrangements for this evening.

address to The Times, said Director
H. D. Wehrly of the Bureau.

In less than two hours Thursday
morning, the first consignment of
seeds received by the Bureau from
Washington, were all given out.

A telegram from the government

received by Mr. Wehrly stated that
the other seeds will not arrive for a
week. When they come the Bureau
will advertise the fact and distrib-
ute the seeds through the school
children.

The Times has received a request
to tell either "through Dolly Wise
or otherwise," how deeply, and how
far apart to plant potatoes.

Dolly has so many questions to an-
swer that we decided to ask an ex-
pert local gardener. This is what he
said: "Plant the potatoes in rows,
two feet apart, and six inches apart
in the rows. Cut the potatoes with
two eyes to each piece, planted.
Plant about six or eight inches
deep."

"Grow pickles, grow pickles!"
That's the admonition given by a
representative of the Gihert Grocery
Company. "Somebody will have to
grow pickles, for we have hooked for
delivery this summer orders for four
carloads of them, each carload aver-
aging 36,000 pounds."

Potato onions planted by Mrs.
Calles Cook in her garden, 1548
Fifth street, are eight inches high
now. Last year she raised onions
bigger than were sold on the market
and still has some that were grown
last year. Some one in the family
eats some every day, too. "I raise two
and sometimes three crops on the
same ground, says Mrs. Cook, and I
canned a lot of beans and other veg-
etables last year."

"For 10 years my garden has
grown all the vegetables we wanted,"
said Henry Prescott, Second street
seed merchant. "Last year I raised
tomatoes, beans, onions and string
beans enough for two families. On
the Fourth of July I pulled the
beans and planted roasting ears."

There are many lovers of flowers
in Portsmouth, who are only planting
flowers. Some have such limited
space they feel they could grow too
few vegetables. But even the tiniest
bed saves the owner the cost of the
few leaves of lettuce, the radishes
or onions it produces and in that far
helps to cut the "high cost of eat-
ing." Mrs. Henry Prosch, 1245
Seventeenth street, is one who is
raising lots of flowers, but she has
also planted lettuce, onions and
beans.

Neighbors say of Mrs. Charles
Busch, 1602 Grandview avenue, that
she is "some gardener and can raise
anything."

Albert Freytag, assistant service
director, is making a vegetable and
flower garden both on a vacant lot on
Front street.

"The onions I planted last fall are
about a foot high," said Arlan Som-
mer, of the Central Hardware Com-
pany.

"My papa and I are making gar-
den," telephoned nine-year-old Ar-
nold Rice, 1320 Kinney street, to the
Times. "My papa is the council-
man. He has one side of the back
yard and I have half of the other
side in onions, radishes, beets and
potatoes. My papa has these and
beans besides."

Strawberry plants in bloom now!
That is what Aloysius Sommer, 1714
Fifth street, reports. Mr. Sommer
has "Everbearing strawberries" and
had some berries growing last Oc-
tober.

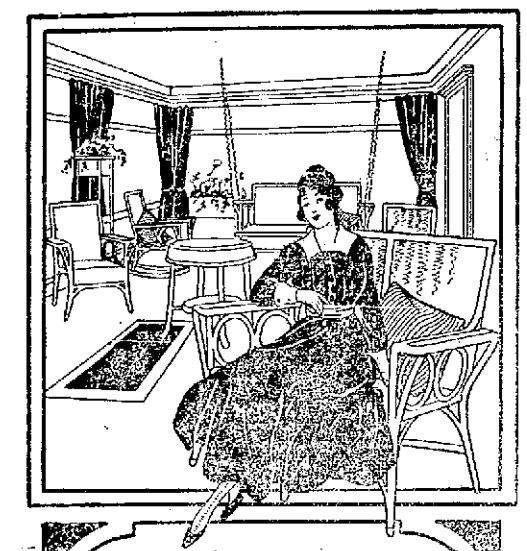

"We have all kinds of cats in our
garden," said one of the Sisters,
the home of the Sisters of St. Fran-
cis, 805 Offshore street.

SCHOOL PUPILS ARE EAGER FOR GARDENS

Property holders of the East
End! Do you own a vacant lot
or part of one anywhere east of
Hutchins street, or on the Hilltop
east of Summit street or about the
Terminals or anywhere closer to
the Garfield school? Do you want
to help some boy or perhaps girl,
increase his or her family's living
and gain helpful exercise? Then
donate the use of your land to the
pupils of the Garfield school, Miss
Laura Long, principal, says they
are clamoring for gardens. You
can have your property improved
in this way at no cost or trouble
to yourself. Phone to Miss Long,
No. 189-X, at her home, 1320 Mc-
Connell street, after five o'clock
on school days.

Charles P. Stamm, of 418 Third
street, through his little niece, Mi-
fred Stamm, offered to school chil-
dren the use of his vacant lot on
Eighth street, between Adams
and Prospect streets. The offer
was accepted by Miss Long. Sev-
eral of her pupils have rented or
been given the use of lots already.
One boy has the privilege of a lot
a mile away from his home, and
says he will garden if he cannot
get one closer. The use of Mr.
Stamm's lot has been given to Roy
Nuntley, 14 years old.

FOUR TROOPS ORGANIZED

Ninety-one boys of the high class have signified their intention of joining a cadet company of high school students. Four troops have been organized and the next step is the election of officers for each troop. John Purdum and F. Hendrickson were the recruiting officers. Following is the paper signed:

We, the undersigned, do hereby agree to join a corps of cadet if we are permitted to organize the aforesaid company. The company will be a full sized company in charge of a commander who will be Professor LeRoy. A captain, two (2) lieutenants, and other petty officers will be elected by the members of the company. The required age of the members will be set at seventeen (17), subject to a change providing there are not enough applicants for membership. The uniforms may be purchased by the dues assessed each member. The said members

must have the consent of their parents or guardian. The hours of drill will be agreed upon by the faculty. Each member to be eligible must be above a grade of seventy (70) in three (3) branches and satisfactory in class deportment. Any breach of the aforesaid statement will place the offender liable to a sentence passed upon by the company.

In case of war, we agree to offer our services as a body to the government to uphold our nation and flag. You are compelled to attend drill.

ON EASTER SUNDAY

You should look as fresh in your attire as the Easter lilies that will be blooming all around you.

You can't look it, however, unless your shoes are right.

I invite every man, woman and child to come to see our large and attractive line of

HANDSOME EASTER FOOTWEAR

Many of our styles are exclusive with us. I have just the shoes a well dressed man will want to go with his new suit—or an elegantly dressed woman will want for her Easter gown.

REMEMBER

No patron of ours ever pays too much for the footwear they buy here. In fact at the present time I haven't a shoe in the store that I can duplicate and sell you for less than a dollar a pair more.

This Cut Represents Two of Our Most Popular Spring Boots

One made of Havana Brown Kid Vamp, with Field Mouse Kid Top and the other a Two Tone Grey—Battleship Grey Vamp with Pearl Top.

I have a duplicate of this shoe in all Black Kid and also with a Patent Vamp—Dull Kid Top.

For The Gentlewoman

who wants the very newest creation in footwear I offer you this elegant Button Boot, made of—

BUCK CLOTH

that has been cravatized. This is the boot that promises to take the place of leather and is causing so much talk in the big cities.

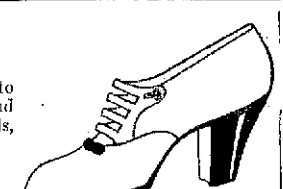

Don't fail to come in and take a peek at this boot—up to the minute in every way.

If Your Fancy Turns to Sandals or Pumps

I have a long line for you to select from. White, Dulls and Patents, Low and High Heels, Narrow and Broad Toes.

\$2.50 to \$6.00

Sport Oxfords

For the girls who want a good general purpose shoe, made over the popular English last, fibre soles, rubber heels, White, Black or Tan,

A Beautiful One Strap Sandal

is for the children and growing girl, made in Patent Colt, Dull Kid and White Canvas. I have these from the small sized 2's up to the large girls. Prettier sandals never graced the foot.

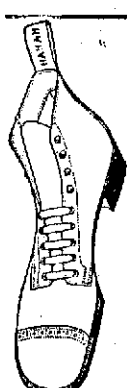

Don't Forget

That we have a great line of shoes for the little man and growing boy, made especially for boys.

\$1.85 to \$4

Roman Sandals

for the children promises to be one of the very popular summer shoes, made of Patent Colt, Footform shaped that gives the children plenty of toe room. Just the thing to wear with bright colored stockings.

The Doctor

is one of the popular full toed shoes. I have this shoe in both kid and calf skin in several different grades. The man that wants foot comfort had better look these shoes over, \$4, \$5 and \$8 and up to \$10.

Oxfords if you want them.

THE SPEEDWAY

is one of our newest shoes this season. Distinctly English in shape, low flat heel and very stylish. Made of genuine calf skin in both black and the popular dark brown shade. No more beautiful shoes than these have ever been shown.

I also have a duplicate of this shoe in an Oxford for the man who prefers them.

Several grades—\$5.50 to \$8.00.

A GREAT MANY PEOPLE

have the idea that it's impossible to buy shoes at popular prices and in this they are wrong. For the man or woman who wants shoes at \$2.50, \$3, \$3.50 or \$4, I can give you good honest shoes, some of which are just being delivered on last year's contract, when prices were much lower. To buy these same shoes on today's market I would be forced to pay within a few cents of what we are selling them for.

The Rumble

A medium full toe shoe that gives foot comfort and wear, made of Dull Calf stock, leather soles, heels and counter. The pair \$4.00

The Dixie

A modified round toe last, blucher pattern, pure calf skin, oak soles and heels, one of our old reliable shoes at the old price \$5.50

Before selecting your Easter shoes, step in and see what I have to offer. Tell us what you want and we will fit you out. Don't wait until the last minute, come at once.

K Boys Give Up Guard Duty

Acting upon instructions re-pany K, Seventh Regiment, Ohio, received from Adjutant General National Guards, in charge of the George H. Wood's office, Columbus, detachment which was guarding bus, Captain W. J. Keyes, Com-the Ohio and Kentucky ap-

proaches of the new Chesapeake and Ohio Northern railroad bridge, Slaterville, ordered his men to break camp Thursday afternoon.

The message was received about four o'clock. By seven o'clock the rifles had been cleaned, the equipment packed and the members of the detachment had reached the armory, preparatory to disbanding until the receipt of further orders.

No explanation was furnished Captain Keyes for the order to demobilize. Troops from the Third Regiment, which were promised, under instructions several days ago, have not arrived.

Following the removal of the detachment from Company K, the McClintic-Marshall Company, in charge of fabrication and erection of the bridge, placed several guards on duty. No trouble was reported Thursday night.

On Tuesday afternoon, March 27, orders to mobilize a detachment of thirty men and two commissioned officers for guard duty about the new Chesapeake and Ohio Northern railroad bridge were received by Captain Keyes. At one o'clock the call to mobilize

was given at The Selby Shoe plant and within a few minutes the men were assembled at the armory ready for duty.

WHY, CERTAINLY, OF COURSE!

Have we told you, are we not always telling you that the Peerless never does anything by halves?

Look at that Garden club, watch it grow. It is a big thing now, it is growing bigger every day. An even hundred members Wednesday, it ought to have it will have two hundred by Sunday.

Sit down, though, and figure with us, what 100 members mean. Being moderate about it, let us estimate the average production by each member will be five bushels of potatoes and three bushels of beans. The former are selling at \$3, the latter at \$10. That means a production of a monetary value of \$1,500 in potatoes and \$3,000 in beans. But that isn't half the real value. More people will raise more of both and their worth will be more than doubled in corn, cabbage, tomatoes, lettuce and other vegetables. It would not be at all extravagant to say Portsmouth will produce in her vacant places over \$12,000 worth of food stuff. But that isn't all. Portsmouth is only doing what every other town in the country is doing, only doing it more completely and enthusiastically.

The last and grandest is she is doing her full duty in responding to the particular call of those, leading us in the trying time to come.

Enroll in the Peerless Garden club. Phone in your name to The Times and plant your patch—that's all.

A RETURN VISIT

Commenting on our "inco trip" to Ironton to see the rusty cannon graciously presented by the government, Editor Corns, of the Ironton Register, announces his intention of paying us a return visit, but he is coming with a brass band and a consuming anxiety to see all of the sights of our live, energetic and prosperous city. Just what he hopes to see, he outlines in this manner:

"Some of these days Harry when our prominent garage man gets in those new piston rings, and that leaf in one of the rear springs of our 1913 machine we are going to jolt down to Portsmouth on a visit. We are not coming inco but will call on you and hope to see your Kissell Kar in front of the office. We want to see Punk's Gut, Munn's Run, the towpath, the flood wall, Senator Tremper, Catsby Sly, Yaller DeLotell, Roy McElhenny, Rube Riskey, the depot and courthouse, the Scioto river, Dolly Wise and others of equal fame and reputation. We must see all those things first and then when we have time Yellow Stone Park, Niagara, Mammoth Caves, California, Palm Beach, Antwerp, and other places of the same minor importance may be visited at leisure."

The Democratic party seems sadly out of tune in the matter of congressional leadership, these trying times. There's "Gum Shoe Bill" Stone in the senate at the head of the foreign affairs committee and Claude Kitchin, of North Carolina, in the house, as floor leader. And both of them throwing monkey wrenches into the machinery right at a time when an unbroken front should be presented to the world.

The decision of the supreme court this week that cities adopting charters under the Home Rule provision of the constitution, have the right to extend the right of suffrage to women, opens an important field in Ohio for the enlargement of suffrage. If there is any place where a woman should have the right to have a say, it is in the management of city affairs. There can be no two opinions on that score and with women at the ballot box there is no doubt we would have better and cleaner cities. We commend to the local advocates of equal suffrage a close study of the Home Rule clause of the Ohio constitution.

One of the sights of the town of these blustery days is a pedestrian and an umbrella trying to navigate the corner of the First National bank building.

President Lee, of the Ohio Automobile Association, has tendered the services of 300,000 car owners to the government. That is good. Now let every one of the innumerable 300,000 see that they do not maim or kill a living thing that might help.

As the first step in organizing an army we would like to see congress provide for a volunteer force of 500,000. We would like to show the world that America is not only ready, but altogether willing to fight.

We did not like the speech John Schwab, of Cincinnati, made at the German Day celebration in Portsmouth, just prior to the election, but we do like the way he is talking now. The difference is, in the first instance, John Schwab was talking as a politician, though, many of his auditors refused to recognize that fact; now he is talking as a patriot.

And so Ninth street paving is to be repaired. Well, it certainly needed it.

A well managed and up-to-date automobile club is a benefit, direct and indirect, to every man who owns a car. It helps at home and it insures many conveniences when away on a trip.

Colonel Roosevelt is anxious to help in any way he can and we suppose one of the first things he will do when he gets over there at the head of his division will be to tell General Nivelle all about how he took San Juan Hill that time, in case the French commander may desire to use some of the strategy employed on that historic occasion. —Ohio State Journal.

Governor Harding has signed the bill providing that 49 pounds shall be the standard for a sack of flour in Iowa, but it does not say who will provide the price.—Burlington's Hlawkey.

INTO THE VALLEY OF VANISHED DREAMS

SENATOR LA FOLLETTE

(From the New York Sun)

Senator LaFollette, thwarting by a parliamentary ruse the patriotic purpose of the senate to adopt the administration resolution that a state of war existed with Germany, was as mean and ugly a figure as his countrymen have seen in Washington for a long time. Time was the essence of a situation fraught with menace and peril to the nation, but Mr. LaFollette's chance to raise and enforce a point of order in the spirit of the fabled dog in the manger—the dog knew no better—the Senator from Wisconsin would not forego.

Robert Marion LaFollette has been quick and supple to pander to pro-Germanism in Wisconsin, in unpleasant contrast with his colleague, the Hon. Paul O. Hastings, who has been zealous in a high minded way to show himself a genuine American and on all occasions independent and fearless. The senior senator seems to prefer adum as his reward in public life, and he would have a monopoly of it.

We frequently receive two or three obituaries of the same person, and while we are always willing to publish an obituary for anyone, we do not know what to do when we get more than one, and it will help to solve the difficulty if our friends will just say when they send the communication that they have been requested by the family to send in the obituary, and then we can use the one that the family wants us to, and not to have to go to the expense of publishing more than one in order to get the right one.—Hermitage (Mo.) Index.

If he can be promised service on the European battle ground Roosevelt will undertake the formation of a division. There can be no question that he could quickly raise the troop, any more than there would be no doubt it would be of a quality to show these foreigners how Americans can fight.

John Lake, of Sixth street, showed how it must be done. When confronted by a highwayman he downed him with a club.

This isn't going to be any kid glove bout, mind you that, but a bare knuckle fight, the best man taking the belt.

Cincinnati showed by the big patriotic meeting Thursday night, that her heart is in the right place, even if her tongue does wag away once in awhile.

You boast you stand with the president. Then show it by cultivating that vacant patch of ground.

Even the fish are getting ready for war. A forty-five pound Buffalo hooked himself to the line of a Buena Vista man one day this week.

We are coming. Father Abraham, one hundred thousand strong will be sent to the way Woodrow Wilson will be answered when he issues his call for volunteers.

PROTEIDS

(By George Martin)

The proteid is a benevolent bug that gets into your system and prowls around among your food, making it behave itself and do you good.

It is a half brother to the vitamin and uncle to the calorie, which also do police duty along the alimentary canal.

The calorie likes to live only in certain kinds of food. The bean is probably more densely populated with it than any other vegetable.

But you want to be careful. Don't let too many proteids congregate in your system or they'll get mad. No proteid likes to be crowded. As long as you treat it right and give it elbow room, it'll be decent; but once gain the ill-will of a proteid and you might as well give yourself up to dyspepsia and be done with it.

NEW-YORK-DAY-BY-DAY

O.O. MCINTYRE.

New York, April 6.—Andrew Markel, a janitor, who janits in one of those neat, but not grubby apartment houses on West 137th street, has sent his last flippant remark up a dumb waiter shaft. He is off this manner of passing airy persillage for life. His head looks like something just arrived by parcel post and the ache lurking inside is something to speak about in low whispers.

Andy, as he is known in the younger janitor set uptown, is just as popular as any janitor can be. Once a man saved him from drowning by plunging off a bridge into the river. The rescuer afterward confessed in disgust that he didn't know Andy's occupation.

Well, anyway, Andy appeared in court the other day as a witness against Mrs. Sadie Brosner, who lives in the apartment house he Czers over. He charged that Mrs. Brosner made his head what it is today. She lives on the third floor and he sent the dumb waiter up to collect refuse.

Mrs. Brosner engaged in conversation with some woman living on an upper floor and Andy, patient soul, was still holding onto the dumb waiter by a rope. He waited many minutes. Mrs. Brosner mentioned to her neighbor something about an article in the morning paper. She said: "I read he got away with \$20,000."

It was at this time that Mr. Markel got facetious. He called up the dumb waiter shaft:

"Hey, lady, let the dumb waiter down. All I want to get away with is that garbage."

And then there was a clatter in the shaft and the next moment a heavy drygoods box was reduced to toothpicks on Andy's forehead and every notion he had had that morning disappeared. He then decided to prosecute the case to the very fullest extent of all borough, city, national and international laws.

The prize goose in the fowl preserve at the South Lake in Central Park may now rest in peace. The bane of their simple lives was removed with one volley by Animal Keeper Bill Snyder the other morning.

Snyder capied the bane about to do some early morning rough work.

For weeks motorists have reported seeing a red fox dashing nimbly about within the park. There was no fox missing from the menagerie and for a time it was supposed the eyesight of the motorist was all wrong. But a few days later the prize goose of the flock was found featherless and dead.

And then Snyder stationed himself about the roost and the red fox, a total stranger, came sneaking along. There were two shots and one gurgle.

The Broadway blade who, Wilson Mimer says, selects his clothes to match his dandruff, has nothing on the Wall Street messenger "boy" who dyed his gray hair to look younger, and it emerged from the dying process as blue as his uniform. And, incidentally, the gray-haired messenger "boys" of this town are the most pathetic figures of metropolitan life and the least complaining.

One of the latest dances on the White Way is the "Sraggygag." It is a rag-time affair and I saw Kiam, the dancer, execute it to the tune of "Honolulu, America Loves You" the other evening. Of course nobody can pronounce the name of the dance, and that reminds me of Roy Moulton's quip when it was announced that Joe Urban was to produce the new play "Nju." Said Moulton: "He may produce it, but I'll bet a pair of ball-bearing suspenders he can't pronounce it." Kiam, by the way, has a Russian Wolfhound name, Sweet Evening Breeze.

Wanted To Be In Style. "Ma wants a package of dye and she wants a fashionable color," said a little girl to a local druggist. "A fashionable color?" echoed the clerk. "What does she want it for? Easter eggs or clothes?" "Well," replied the girl, "the doctor said ma had stomach trouble and she ought to diet. Ma says if she has to dye it she might as well have it a fashionable color."

He Got Permission. A middle-aged farmer accosted a serious faced youth outside the Grand Central Station in New York the other day. "Young man," he said, "I want to go to Central Park." The youth seemed lost in consideration for a moment. "Well," he said finally, "you may just this once. But I don't want you to ever ask me again."

One of Life's Tragedies. He seized her, drew her to him and deliberately struck her. She made no sound. Again, and yet again, the brute repeated the blow, and still she gave no sign of suffering. But when, with rapidly growing anger, he struck her for the fourth time, she shrieked aloud—and her head flew off. She was only a nutch.

Paradoxical. "Do you think armed vessels are likely to be sunk?" "Not if they get the drop first." —Baltimore Am. Cairnc.

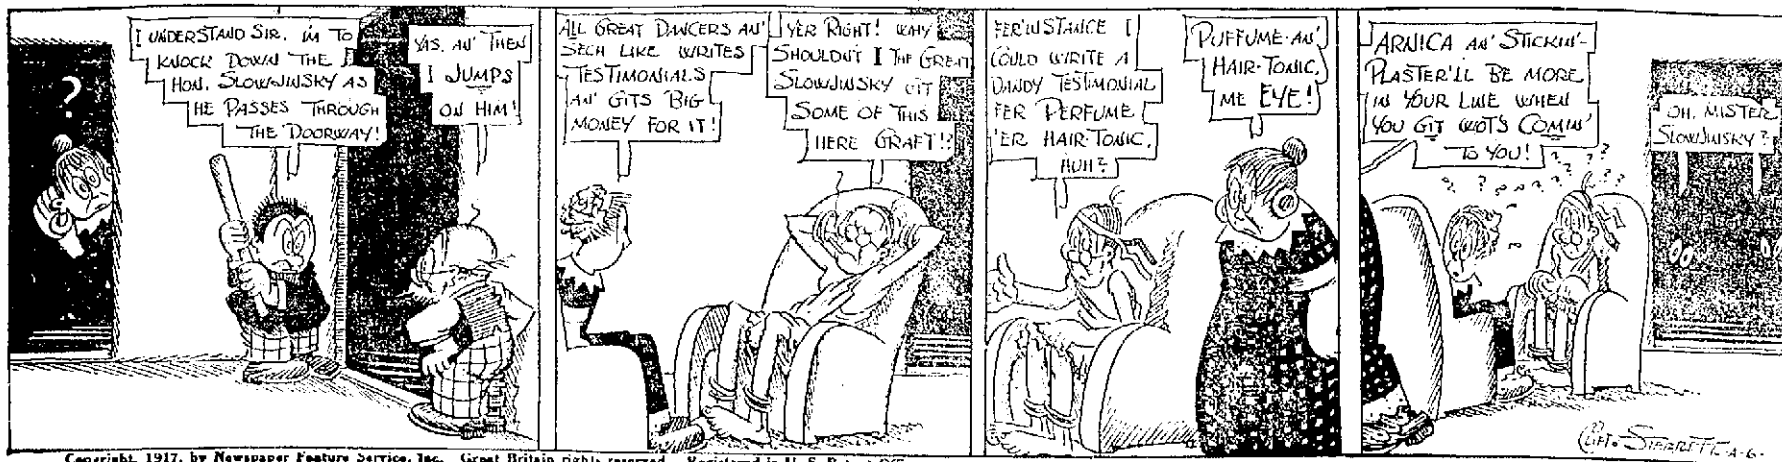

DAUGHTER IN TERRIBLE SHAPE. Women hear troubles more bravely than men. They snuff and suffer pain uncomplainingly where a man demands a doctor and nurse. A. Mitchell, Bagdad, Ky., writes: "My daughter was in terrible shape with kidney trouble. I got her to take Foley Kidney Pills and she is completely cured." Aching back, sore muscles, stiff joints, shooting pains in sides, rheumatic aches are indications that the kidneys are not working properly. Foley Kidney Pills correct bladder troubles. GERMAN SHIPS ARE SEIZED

HOUSE PASSES WAR BILL BY VOTE 373-50

Washington, April 6—America is at war. Amidst the most dramatic scenes ever witnessed in congress, the House early today passed the resolution which formally declared Germany as an enemy and launched the United States in the fight for democracy of the world. The vote on the resolution was 373 to 50.

For the first time in history a woman voted on the question of war. With a sob and a protest of her love of country, she voted "no."

The only things left now to make the state of war formal are the signatures of Vice President Marshall and President Wilson to the war resolution.

Marshall will sign the document at noon in the senate. Then it will be sent by messenger to the White House—or, Wilson himself will go to the capitol to seal with his name the tremendous step taken by this government.

The first blows will be struck at Germany. Secret orders covering precautionary steps within and without the nation will be flashed from Washington. What these orders are the administration is concealing because of their military nature.

The nation is now ready for money and for its men. Two million youths will be wanted within the next two years. Billions of dollars will be required.

Measures covering both these needs are drafted and awaiting congressional action. The first war budget asking over three and a half billions is up for discussion today in the house appropriations committee.

The military committees have been informed of the administration's selective conscription bill to raise great armies.

The closing hours of congress debate on the war measure were thrilling with patriotism, though, however, there ran a chord of pessimism.

Miss Jeannette Rankin, woman member from Montana, tearfully announced that while she wanted to support her country, she could

not vote for war. Her evident grief, and the signs of a mental struggle brought cheers from warrior and pacifist alike.

Orders for seizure of German vessels in American harbors have gone forth and the task was underway this forenoon.

While war steps proceeded, prospects of other American nations being brought into the struggle loomed up.

Brazil was reported in news dispatches to be on the brink of trouble with Germany while from Argentina came reports of British pressure to force lifting of the great embargo.

Within our own nation all government departments redoubled their energies in war tasks. There is to be a spirit of co-operation and co-ordination that will profit by the mistakes of other warring nations toward the end that the American war machine shall operate smoothly and capably.

The president meets with his cabinet today to further consider the subject of finances. Probably some definite program of raising money will be agreed upon for submission to leaders in congress. The government has under consideration calling the big financiers of the country to take up the best means of floating bond issues in addition to increasing taxes generally to meet the enormous army and navy estimates.

Senator Simmons, chairman of the senate finance committee, has suggested this course. Meantime the senator himself, along with many other congressional leaders, appears thoroughly staggered at the proportion of the estimates. Lined up alongside the \$50,000,000 appropriation which was asked at the opening of the Spanish-American war the present war budget gives some idea of the magnitude of the operations planned by this government in its war against the kaiser.

BRAZIL MAY DECLARE WAR ON GERMANY

Rio De Janeiro, April 6.—Brazil may declare war on Germany. Official announcement today of the sinking of the Brazilian steamer Parana, killing three Brazilian citizens, aroused the most intense anti-German feeling here. "The situation is most grave; a declaration of war against Germany may be necessary," declared Foreign Secretary Muller today. It was generally expected today that Brazil would seize all German ships interned in her harbors and immediately proclaim hostilities against Germany. There was intense anxiety today as to how the situation would be affected by the presence of five hundred thousand Germans in the Brazilian state of Rio Grande. Information here today indicated that Bolivia would probably follow Brazil in declaring war on Germany.

91 GERMAN VESSELS IN U. S. PORTS

New York, April 6.—Ninety-one German ships lying in United States ports have been or will be seized today by the United States government. The vessels represent a total tonnage of 594,896 and are lying in nearly every important port of the country.

At New London, Conn., early today a party of United States marines boarded the North German-Lloyd liner Willehad, removed the 335 men who form her crew and placed them under arrest. They were taken back to the United States customs house and then allowed to go back on the liner. The ship is under heavy guard.

At Hoboken, where the huge Vaterland and several other ships are lying on the New York side on the Hudson river and at South Brooklyn piers, marines appeared immediately after the house had passed the war resolution. They began the removal of sailors preliminary to taking actual charge of the vessels. Officials refused to discuss what was being done, but it was believed the men were to be taken to Ellis Island. A company of New Jersey infantry went on guard at the Hoboken piers.

At Boston early today five German vessels were taken over by a company of marines aboard the coast guard cutter Gresham. Extraordinary precautions are being taken all over the country to avoid possible trouble from crews of ships which have been held since the beginning of the European war. War ships have been guarding the vessels since it became certain a declaration of war would be forthcoming. Two destroyers have been constantly on duty in the Hudson river here where many of the ships are lying. They moved in closer early today and were accompanied by five naval cutters.

Baltimore, Md., April 6.—Three German steamships, the liners Rhein, Neckar and Bulgaria, interned at this port, were seized early today by United States Marshal W. W. Stockham, supported by one hundred deputies and two companies of the Fourth Maryland Infantry. Upon boarding the ships the marshal found that the machinery had been entirely disabled. The crews were turned over to United States marine forces. The officers gave their paroles and were permitted to go to a hotel.

Effigies hang from poles

Washington, D. C., April 6.—Effigies of Senators Stone and La Follette hung from electric posts of one of the main street intersection points in full view of theatre crowds returning home during the night. They were cut down by the police early today after having been viewed by thousands.

Auto Fleet Of 20,000 Is Planned For Ohio

Toledo, O., April 6.—The Ohio Automobile Association has initiated a plan to organize an Ohio fleet of 20,000 automobiles to help in the war. Each owner is to drive his car, and the fleet is to be divided into squadrons of 32 cars with proper officers for each. The plan was divulged at a meeting here last night.

This fleet will offer its services to the government in any capacity preferred. Transportation of troops and supplies on all kinds will be favored. Officials of the state association believe an almost invaluable service to the government can be supplied during the mobilization and training of the new troops.

BRITISH SHIP SUNK, AMERICAN ABOARD

Washington, D. C., April 6.—The unwarned torpedoing of the British steamer Cannizaro, carrying an American fireman, William Samuel Jones, of San Francisco, was reported to the state department today by the Hull, England, consul. No lives were lost.

A Woman Furnishes Most Dramatic Scene In Session Of The House

Washington, April 6.—A woman furnished the most dramatic scene of the history of this nation's House of Representatives. The woman is Miss Jeannette Rankin of Montana, the first woman ever to sit in either body of the country's legislature.

The house passed the historic resolution that says Germany has declared war upon this government, amid stirring scenes at 3:08 this morning.

The vote—373 to 50—was not expected, after the thrilling declaration of Representative Charles Kitchin, North Carolina, Democratic floor leader, in the afternoon that he could not bring himself to vote the country into war. Kitchin's speech swung a dozen or more votes to the ranks of those opposing the resolution. When the long but always thrilling debate had at last been concluded a stillness that seldom marks house proceedings settled over the chamber. Then there was a stir in the galleries. The members, too, began to shift about.

As Good Friday was ushered in the house seemed as far from a vote as at ten o'clock Thursday morning. Cries of "vote, vote" arose from all sides. Debate had been limited to five minutes, but names of those who wished to speak kept piling on the list.

At 1:30 a. m. Britten, Illinois, introduced an amendment to the bill that would have prohibited use of American troops in Europe. Debate, which had been repeated two or three times during the day, switched to this.

At 2:05 o'clock after speeches had been repeated and repeated the break came when Representative McGee, New York, announced: "The house is ready for a vote. I shall ask that my remarks be extended to the record, instead of reading them and thereby save time."

A dozen followed suit. Majority Leader Kitchin asked that it lay over until Saturday. The motion was defeated. Chairman Flood, of the foreign affairs committee, asked that the committee of the whole go into a house session and take up the question. The house then immediately proceeded to take up Britten's amendment. Britten demanded the "ayes" and "noes." He grinned as groans arose from all over the chamber. It takes forty-five minutes to an hour to call the roll. Two hundred and twenty-five members had addressed the house. Peace advocate had met war advocates to "ayes" and "noes" for a vote man for man until mid-night. Then the tension almost defeated by viva voce vote. A reached the snapping point. Per-

ment was defeated likewise.

Not satisfied Britten moved that the resolution be referred back to the foreign affairs committee and reported out with an amendment identical to the one that just failed. Once more he led an attempt to get the "ayes" and "noes."

Another motion for reference back to committee was killed also. The pacifists realizing themselves defeated, died hard, and at 2:37 Representative Sloan, Nebraska, offered a similar amendment which failed in the same manner.

Promptly at 2:45 o'clock the house started to vote on the resolution. At 3:08 the roll had been called in record time and the president's state of war resolution had passed both branches of congress.

Throughout the day and night the galleries maintained their long vigil. Up until the last minute the corridors were packed with scores ready to spring into the first seat vacated, but few persons left.

Frequently the chair had to admonish the galleries to keep silence or they would be cleared out. But ripples of applause came every time, one side or the other scored an important point.

Beautifully gowned women, shoulders flashing from décolleté gowns, leaned nervously far over the edge listening to every word being said from the floor beneath.

Men sat in solemn silence. The crowds would laugh jocosely when there was nothing to laugh about. But the dread of what was being enacted seemed to grip every person.

Five minutes after the resolution had passed, house chamber and galleries were deserted.

Jess Willard Not Sure Morris Is Good Enough

Chicago, April 6.—Will take another look at Carl Morris five months hence and see how he looks then before deciding whether to give him a chance at the heavyweight championship.

This was the statement of Jess Willard today as he made preparations for a trip to Norfolk, Va., where he will join a world tour.

Asked whether he believed Morris' fight with Fred Fulton at New York last night was sufficient to qualify him for a crack at the title, Willard said:

"I don't think Morris' showing ought to give him a fight with me—at this time. Any way, my show contract is for about five months and I can't do anything until it expires."

Should Be Great Fight

Columbus, April 6.—Next boxing in Columbus will be done the evening of April 16, according to an official announcement last night. Mike O'Rourke, Empire Club will be the promoter. Rocky Kansas, the Buffalo whirlwind, will be in the main bout, and his opponent will be Gene Belmont, Memphis lightweight, who is in the Cleveland stable of Jimmy Dunn.

Hickey To Be Very Busy

Louisville, April 6.—President Hickey of the A. A. returned to his office today after a two weeks' vacation in Florida. He stated that the umpires will be called together for a meeting in Chicago next Tuesday in order to discuss the rules for the coming season. Hickey also said that he would attend the opening game in Kansas City next Wednesday and then come to Louisville for boosters' day on April 14. On April 17 Hickey will be in Columbus for the opening there.

Lingrel To Join Peoria

Columbus, April 6.—Shortstop Stiel and Pitcher Lingrel were released yesterday to the Peoria club of the Three-I league, of which Trinker is half owner. It is possible that Catcher Murphy and Pitcher Schenck will go shortly to join the Muskogee club of the Central league. Lingrel is a former Ohio State leaguer.

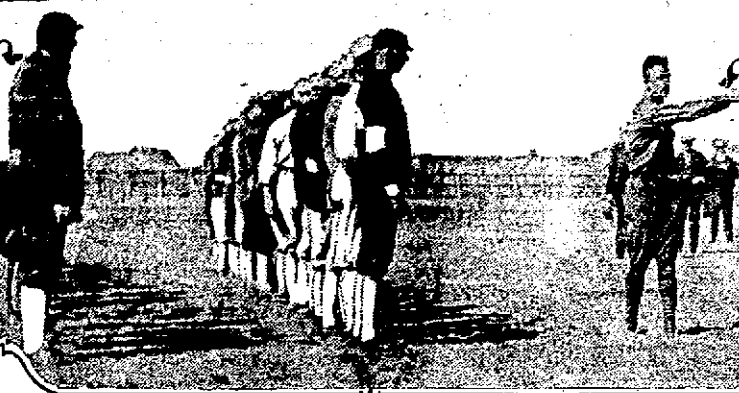

Thomas To Move Here

Homer Thomas, clever little Columbus fighter, who has been seen in the local ring twice within the past month, has decided to locate in Portsmouth. He will meet all comers at his weight, 148 pounds.

The Purpose of Reading.
Books are for the scholar's idle time. When he can read God directly the hour is too precious to be wasted in other men's transcripts of their readings. But when the intervals of darkness come, as come they must—when the sun is hid and the stars withdraw their shining—we repair to the lamps which were kindled by their ray, to guide our steps to the east again, where the dawn is. We hear, that we may speak. The Arabian proverb says, "A fig tree, looking on a fig tree, becometh fruitful."—Emerson.

MILITARY TRAINING THOUGHT GOOD DISCIPLINE FOR PLAYERS

Sergeant Smiley, U. S. army, instructing Chicago White Sox in military tactics.

Military training for ball players has been taken up in earnest this spring and almost every training camp had an army officer to put the men through drills. Managers took up with the idea and many of them declared that the drilling was good discipline for the men and that more of the military spirit would make the handling of a club an easier matter. Sergeant Smiley of the U. S. army team has been giving the Chicago White Sox military training in exchange for the finer points of baseball they gave him to teach his army team.

Joe Peebles Eliminated

Joe Peebles who has been playing in the North and South Golf tournament at Pinehurst, was eliminated Thursday, being defeated in the ninth round by his opponent.

Cincinnati, April 6.—Ty Cobb, star of the Detroit Tigers, arrived here last night to train with the Reds for a few days while waiting for the Detroit team to come north but a heavy rain prevented him from getting any out-door practice today. Cobb came here following his fight with Charley Hertzog at Dallas Saturday.

When Washington Was Abused.

In the Morris house on Aug. 12, 1793, Washington signed the Jay treaty with England, losing thereby most of his emannet of support in the house of representatives. Abuse culminated in the serious suggestion to impeach him. The constitution having for obvious reasons confined the treaty making over to the executive and the senate, Washington refused to grant the request of the house of representatives or the correspondence leading up to the treaty. The spirit of indignation that followed did not spare even his personal character. "A Calm Observer" stated in a newspaper that Washington had stolen \$4,760.

High Pews.

During the reign of William and Mary in England a worthy bishop complained to the latter that the ladies of the court were wont to fix their eyes on their neighbors rather than on him during his discourses. It apparently never occurred to the divine that the fault might lie in the sermons themselves. By consent of the queen high pews were introduced to prevent wandering eyes. "As for the young ladies for whose spiritual welfare they were devised," says a writer, "their indignation was only suppressed by the rage of their admirers." From that time high pews were commonly placed in churches.—London Opinion.

Powerful Plea.

It is told of Rufus Choate that on one occasion he appeared in court to defend a blacksmith whose ironwork had been seized by a creditor.

So powerfully did the great advocate depict the wrong which he contended had been done to his client and so graphic was his description of the extent to which the force had been stripped that the blacksmith, who sat near by, suddenly burst into tears.

"Why, Tom," said a sympathetic friend, "what's the matter with you? What are you crying about?" "Oh, dear me," replied the blacksmith between his sobs, "I had no idea I had been so abominably treated!"—New York Telegraph.

Picturesque Filipinos.

The Igorrotes of the mountain province of Luzon are a picturesque people and are especially interesting to the traveler when they come down to the lowland towns to make purchases.

They feel themselves a race apart from their neighbors and troop through the towns in single file bearing their spears and sometimes their shields, while the women bring up the rear with such cooking utensils as they may chance to have brought along. They deal for the most part in the sign language with the Chinese merchants who control the retail trade in the smaller Philippine towns, and they carry not upon the order of their going, but leave as soon as they have ended their business.

How to Make Want Ads Pay

Example No. 7

Avoid Humor

Suppose you were reading our Want Ad columns, looking for a business opening. You have a few hundred dollars, let us assume, and wish to invest it in some business that will also employ you.

In the Business Chance columns, you notice two Want Ads in particular that cover about what you wish. Here they are:

SAMPLE No. 1 OF A SLANGY WANT AD. 1888 BUY A HALF INTEREST IN AN OFFICE SUPPLY BUSINESS. We have made \$175 on our capital since organization. Going easy, etc. Do you think you would be game enough to get in with us? No others of this kind of thing wanted.	COMMENT No. 1 There is a sort of law, stipulated, pool-room atmosphere in this advertisement. You would be inclined to ask the writer's name.
SAMPLE No. 2 OF A COMMON SENSE WANT AD. 1888 BUY A HALF INTEREST IN A going, expanding office supply business. We started with \$100 and our investment now is \$1200. We have paid good salaries and our business is large. Hills respectable, and have never shown a bad bill, not in our actual investment, in addition to salaries. For facts address at once.	COMMENT No. 2 Here we have plain business sense. There is no jargon at all. The advertiser is clear. It is sincere, and it is disloyal and would mislead you were you looking for this kind of opening.

Business Matters are Always Serious

It is invariably a mistake to attempt to appeal to any person for business support on the basis of humor, or slang, or street-corner expressions.

If you seek to gain confidence, which is essential in some degree always, you must make your approach (which means your Want Ad) businesslike.

Careless wording of your Want Ad detracts at once from its pulling power. Then a great number of readers can be of small value to you. The only kind of Want Ad that will permit humor, is the kind that advertises some humorous book, toy or similar device.

Be in earnest and

WHY, CERTAINLY, OF COURSE!

Have we told you, are we not always telling you that the Peerless never does anything by halves?

Look at that Garden club, watch it grow. It is a big thing now, it is growing bigger every day. An even hundred members Wednesday, it ought to have it will have two hundred by Sunday.

Sit down, though, and figure with us, what 100 members mean. Being moderate about it, let us estimate the average production by each member will be five bushels of potatoes and three bushels of beans. The former are selling at \$3, the latter at \$10. That means a production of a monetary value of \$1,500 in potatoes and \$3,000 in beans. But that isn't half the real value. More people will raise more of both and their worth will be more than doubled in corn, cabbage, tomatoes, lettuce and other vegetables. It would not be at all extravagant to say Portsmouth will produce in her vacant places over \$12,000 worth of food stuff. But that isn't all. Portsmouth is only doing what every other town in the country is doing, only doing it more completely and enthusiastically.

The last and grandest is she is doing her full duty in responding to the particular call of those, leading us in the trying time to come.

Enroll in the Peerless Garden club. Phone in your name to The Times and plant your patch—that's all.

A RETURN VISIT

Commenting on our "inequity trip" to Ironton to see the rusty cannon graciously presented by the government, Editor Corns, of the Ironton Register, announces his intention of paying us a return visit, but he is coming with a brass band and a consuming anxiety to see all of the sights of our live, energetic and prosperous city. Just what he hopes to see, he outlines in this manner:

"Some of those days Harry when our prominent garage man gets in those new piston rings, and that leaf in one of the rear springs of our 1913 machine we are going to left down to Portsmouth on a visit. We are not coming inequity but will call on you and hope to see your Kissell Kar in front of the office. We want to see Frank's Gut, Mum's Run, the towpath, the flood wall, Senator Tremper, Catsby, Valler Delatell, Roy McElhaney, Rubie Riskey, the depot and earthouse, the Scioto river, Dolly Wise and others of equal fame and reputation. We must see all those things first and then when we have time Yellow Stone Park, Niagara, Mammoth Caves, California, Palm Beach, Antwerp, and other places of the same minor importance may be visited at leisure."

The Democratic party seems sadly out of tune in the matter of congressional leadership, these trying times. There's "Gum Shoe Bill" Stone in the senate at the head of the foreign affairs committee and Claude Kitchin, of North Carolina, in the house, as floor leader. And both of them throwing monkey wrenches into the machinery right at a time when an unbroken front should be presented to the world.

The decision of the supreme court this week that cities adopting charters under the Home Rule provision of the constitution, have the right to extend the right of suffrage to women, opens an important ball in Ohio for the enlargement of suffrage. If there is any place where a woman should have the right to have a say, it is in the management of city affairs. There can be no two opinions on that score and with women at the ballot box there is no doubt we would have better and cleaner cities. We commend to the local advocates of equal suffrage a close study of the Home Rule clause of the Ohio constitution.

One of the sights of the town of these blustery days is a pedestrian and an umbrella trying to navigate the corner of the First National bank building.

President Lee, of the Ohio Automobile Association, has tendered the services of 300,000 car owners to the government. That is good. Now let every one of the immortal 300,000 see that they do not ruin or kill a living thing that might help.

As the first step in organizing an army we would like to see congress provide for a volunteer force of 500,000. We would like to see the world that America is not only ready, but altogether willing to fight.

We did not like the speech John Schwab, of Cincinnati, made at the German Day celebration in Portsmouth, just prior to the election, but we do like the way he is talking now. The difference is, in the first instance, John Schwab was talking as a politician, though many of his auditors refused to recognize that fact; now he is talking as a patriot.

And so Ninth street paving is to be repaired. Well, it certainly needed it.

BOARD HARMONIZES U S BUREAU SPEEDS WAR PREPAREDNESS

Committee of department representatives in session.

Each of the ten cabinet officers has appointed a representative from his department to make up a committee which holds daily sessions with the Council of National Defense. The object of the committee is to coordinate the entire government machine so that it may approach the task of military, naval and industrial preparedness to the best advantage.

Seated in this group, left to right, are Dr. S. W. Stratton, director bureau of standards, department of commerce; William C. Fitts, department of justice; William M. Ingraham, assistant secretary of war, and Louis Freeland Post, assistant secretary of labor. Standing, left to right, Dr. B. T. Galloway, agriculture; Frank Frayer, postoffice department; Lathrop Brown, interior, and Leland Harrison, state department. Mr. Harrison is the state department's press censor. Representatives of two of the departments are absent.

SENATOR LA FOLLETTE

(From the New York Sun)

Senator LaFollette, thwarting by a parliamentary ruse the patriotic purpose of the senate to adopt the administration resolution that a state of war existed with Germany, was as mean and ugly a figure as his countrymen have seen in Washington for a long time. Time was the essence of a situation fraught with menace and peril to the nation, but Mr. LaFollette's chance to raise and enforce a point of order in the spirit of the fabled dog in the manger—the dog knew no better—the Senator from Wisconsin would not forego.

Robert Marion LaFollette has been quick and supple to pander to pro-Germanism in Wisconsin, in unpleasant contrast with his colleague, the Hon. Paul O. Husting, who has been zealous in a high minded way to show himself a genuine American and on all occasions independent and fearless. The senior senator seems to prefer odium as his reward in public life, and he would have a monopoly of it.

John Lake, of Sixth street, showed how it must be done. When confronted by a highwayman he downed him with a club.

This isn't going to be any kid glove bout, mind you that, but a bare knuckle fight, the best man taking the belt.

If he can be promised service on the European battleground Roosevelt will undertake the formation of a division. There can be no question that he could quickly raise the troop, any more than there would be no doubt it would be of a quality to show those foreigners how Americans can fight.

We frequently receive two or three obituaries of the same person, and while we are always willing to publish an obituary for anyone, we do not know what to do when we get more than one, and it will help to solve the difficulty if our friends will just say when they send the communication that they have been requested by the family to send in the obituary, and then we can use the one that the family wants us to, and not to have to go to the expense of publishing more than one in order to get the right one.—Hermitage (Mo.) PROTEIDS

(By George Martin)

The proteid is a benevolent bug that gets into your system and prowls around among your food, making it behave itself and do you good.

It is a half brother to the vitamin and uncle to the caloric, which also do police duty along the alimentary canal.

The caloric likes to live only in certain kinds of food. The bean is probably more densely populated with it than any other vegetable.

But you want to be careful. Don't let too many proteids congregate in your system or they'll get mad. No proteid likes to be crowded. As long as you treat it right and give it elbow room, it'll be decent; but once gain the ill-will of a proteid and you might as well give yourself up to dyspepsia and be done with it.

An Ancient Superstition.

In throwing a piece of chalk after his men for lack as they charged the enemy an Irish colonel was but reviving a superstition which dates back to the ancient days of Thrace, where the custom originated of marking lucky lays with a white stone and unlucky with a black one. In his early youth Roma adopted the custom, and, although chalk, not being indigenous was chiefly known as its name, Creta implies, as an import from Crete, it was generally used for the marking of lucky days. According to Horace, the marking was done with chalk for good and coal for bad luck.—London Chronicle.

Snakes in the Water.

All reptiles swim. Almost all snake move through the water with as much ease and rapidity as on land. Rattlesnakes, for example, are much given to swimming in placid water if it not too cold. In the Everglade lake of Florida they are often seen. It is well known that to attack from a boat a poisonous snake in the water is much more dangerous proceeding than to attack the snake on land. The reason is that the reptile will immediately make for the boat, since it must have a solid base from which to grip its half legs and half claws into its craft, and there is a light at uncomfortably close quarters.—Exchange.

Insomnia Only a Habit.

One of the noxious ways insomnia is so much dreaded is that it is wrongly conceived by many of the laity to be a disease. There is no such disease, and in its simple form, where there is no positive disease in the background, it is merely a bad cell habit, kept alive by some fault in the manner of living, some breach of brain discipline or some disturbance in the functions of the body that result in insistent messages being sent to the brain centers during sleep or while we are trying to sleep. Trying to sleep is a pathetic and futile task, and much better result usually can be obtained by not trying to sleep.—World's Work.

NEW-YORK-DAY-BY-DAY.

O.O. McINTYRE.

New York, April 6—Andrew seeing a red fox dashing nimbly about Marked, a janitor, who jumps in one within the park. There was no fox of those neat, but not gaily apart-missing from the menagerie and for moment houses on West 127th street, a time it was supposed the eyesight has sent his last dippant remark up a of the motorist was all wrong. But dumb waiter shaft. He is off this a few days later the prize goose of manner of passing airy perisage for the rock was found featherless and life. His head looks like something dead.

And then Snyder stationed himself about the roost and the red fox, a total stranger, came sneaking along. There were two shots and one gurgle. The Broadway blade who, Wilson Mizer says, selects his clothes to match his dandruff, has nothing on the Wall Street messenger "boy" who dyed his gray hair to look younger, and it emerged from the dying process as blue as his uniform. And incidentally, the gray-haired messenger "boys" of this town are the most pathetic figures of metropolitan life and the least complaining.

Well, anyway, Andy appeared in court the other day as a witness against Mrs. Sadie Brosner, who lives in the apartment house, he Czars over. He charged that Mrs. Brosner made his head what it is today. She lives on the third floor and he sent the dumb waiter up to collect refuse.

Mrs. Brosner engaged in conversation with some woman living on an upper floor and Andy, patient soul, was still holding onto the dumb waiter by a rope. He waited many minutes. Mrs. Brosner mentioned to her neighbor something about an article in the morning paper. She said: "I read he got away with \$20,000."

It was at this time that Mr. Marked, got facetious. He pulled up the dumb waiter shaft:

"Hey, lady, let the dumb waiter down! All I want to get away with is that garbage."

And then there was a clatter in the shaft and the next moment a heavy drygoods box was reduced to tooth-picks on Andy's forehead and every notion he had had that morning disappeared. He then decided to prosecute the case to the very fullest extent of all borough, city, national and international laws.

The prize goose in the fowl preserve at the South Lake in Central Park may now rest in peace. The lane of their simple lives was removed with one volley by Animal Keeper Bill Snyder, the other morning. Snyder espied the bane about to do some early morning rough work. For weeks motorists have reported

The youth seemed lost in consideration for a moment.

Wrote of Scenery He Never Saw.

The most notable instance of a novel dealing with a country which the author had never seen was Shorthouse's "John Ingelman."

The second volume of that remarkable romance deals in the most detailed way with Italian manners and Italian scenery. Many of the descriptions—that of Umbria at night, for instance, and the scene in the pavilion in the forest—are charged with the very atmosphere of Italy, and Florence during the plague lives literally before our eyes. Yet Joseph Henry Shorthouse had never been in Italy. Enthusiasm and the genius for assimilation evolve it all in a quiet house at Edgaston.—London Chronicle.

Hundred New Names Added To The Peerless Garden Club

Five thousand copies of a booklet on gardening have been received by the Bureau of Community Service from the department of agriculture in Washington. They may be obtained at:

- Flood and Blake, 2109-2111 Gallia street.
- Andersons, Hilltop, Grant and Grandview.
- McCall's Grocery, 717 Campbell avenue.
- Harter's Grocery, Eighth and Court.
- Brandell's Pharmacy, Second and Market.
- Hanson's Grocery, 200-204 Second street.
- Field's Grocery, 2370 Ninth street.
- Doerr's Findlay and Fourteenth street.
- Times Office.
- Harry Dorceth, 1019 Front street.
- The Bureau of Community Service.
- Jackson & Vencer, 2902 Gallia street.
- George Freund, 1502 Gallia street.
- Cooper Brothers, 4502 Gallia pike.

Six medals will be given in the Garden Contest by the Bureau of Community Service—three for the best all-around gardens made by adults and three for the best all-around gardens cared for by children.

Every person competing for a garden prize must join the Peerless Garden Club and send name and address to The Times, said Director H. D. Wehrly of the Bureau.

In less than two hours Thursday morning, the first consignment of seeds received by the Bureau from Washington, were all given out. A telegram from the government received by Mr. Wehrly stated that the other seeds will not arrive for a week. When they come the Bureau will advertise the fact and distribute the seeds through the school children.

The Times has received a request to tell either "through Dolly Wise or otherwise," how deeply, and how far apart to plant potatoes.

Dolly has so many questions to answer that we decided to ask an expert local gardener. This is what he said: "Plant the potatoes in rows, two feet apart, and six inches apart in the rows. Cut the potatoes with two eyes to each piece, planted. Plant about six or eight inches deep."

"Grow pickles, grow pickles!" That's the admonition given by a representative of the Gilbert Grocery Company. "Somebody will have to grow pickles, for we have booked for delivery this summer orders for four carloads of them, each carload averaging 30,000 pounds."

Potato onions planted by Mrs. Galle Cook in her garden, 1548 Fifth street, are eight inches high now. Last year she raised onions bigger than were sold on the market and still has some that were grown last year. Some one in the family eats some every day, too. "I raise two and sometimes three crops on the same ground, says Mrs. Cook, and I canned a lot of beans and other vegetables last year."

"For 10 years my garden has grown all the vegetables we wanted," said Henry Prescott, Second street feed merchant. "Last year I raised tomatoes, beans, onions and string beans enough for two families. On the Fourth of July I pulled the beans and planted rousing ears."

There are many lovers of flowers in Portsmouth, who are only planting flowers. Some have such limited space they feel they could grow too few vegetables. But even the tiniest bed saves the owner the cost of the few leaves of lettuce, the radishes or onions it produces and in that far helps to cut the "high cost of eating." Mrs. Henry Prosch, 1245 Seventeenth street, is one who is raising lots of flowers, but she has also planted lettuce, onions and beans.

Neighbors say of Mrs. Charles Busch, 1602 Grandview avenue, that she is "some gardener and can raise anything."

Albert Freytag, assistant service director, is making a vegetable and flower garden both on a vacant lot on Front street.

School Pupils Are Eager For Gardens

Property holders of the East End! Do you own a vacant lot or part of one anywhere east of Hutchins street, or on the Hilltop east of Summit street or about the Terminals or anywhere closer to the Garfield school? Do you want to help some boy or perhaps girl, increase his or her family's living and gain helpful exercise? Then donate the use of your land to the pupils of the Garfield school. Miss Laura Long, principal, says they are clamoring for gardens. You can have your property improved in this way at no cost or trouble to yourself. Phone to Miss Long, No. 189-X, at her home, 1320 McConnell street, after five o'clock on school days.

Charles P. Stamm, of 418 Third street, through his little niece, Mildred Stamm, offered to school children the use of his vacant lot on Eighth street, between Adams and Prospect streets. The offer was accepted by Miss Long. Several of her pupils have rented or been given the use of lots already. One boy has the privilege of a lot a mile away from his home, and says he will garden it if he cannot get one closer. The use of Mr. Stamm's lot has been given to Roy Nunally, 14 years old.

The Bureau has been flooded this week with applicants for work and persons desiring to do gardening from the largest number of applicants, according to Director H. D. Wehrly.

600 In City Eligible For Call

"How many young men are there in this city between the ages of 20 and 23 and subject to the first call to duty," was asked of me by a Times reporter this morning. This constitutes three classes, as I understand it, the twenties, twenty ones and twenty-tuos. My census of persons of

school age in the City of Portsmouth of 1915 shows that there were then between the ages of 16 and 21, males 1233. This embraced five classes, viz: sixteen to twenty. Three-fifths of this would be 755.

Add to this our normal increase of 5 per cent annually, or ten per cent, 75, we should have in May 1917, 810.

Three fourths should pass muster creating a force of say 600, and as the city is one-half of the county, then Scioto county could send forth a full regiment of 1200 huskies.

Very respectfully,
JOSEPH W. MITCHELL.

Babies are the living links in the chain of immortality. Is it right to limit the birth of children? See "The Unborn" at the Exhibit today where the question is forcibly brought to the attention of the public.

A powerful attack on present practices of physicians who are violating the laws of God in preventing perpetuation of the races. It brings home sensational facts. A delicate subject whose solution is of the greatest importance for the welfare of future generations. It strikes at the root of an evil and frankly shows the truth.

It is your moral duty to see The Unborn. Every mother, son- and daughter should see this wonderful photoplay. Critics everywhere are hailing this frank portrayal of the sex problem as most timely. Abortion and premeditated destruction of children is doing more to depopulate this earth than the European war. The Unborn is in 5 great acts and will be shown for the low price of 25 cents.

FOUR TROOPS ORGANIZED AT LOCAL HIGH SCHOOL

Ninety-one boys of the high class have signified their intention of joining a cadet company of high school students. Four troops have been organized and the next step is the election of officers for each troop. John Purdum and F. Hendrickson were the recruiting officers. Following is the paper signed:

We, the undersigned, do hereby agree to join a corps of cadet if we are permitted to organize the aforesaid company. The company will be a full sized company in charge of a commander who will be Professor LeRoy. A captain, two (2) lieutenants, and other petty officers will be elected by the members of the company. The required age of the members will be set at seventeen (17), subject to a change providing there are not enough applicants for membership. The uniforms may be purchased by the dues assessed each member. The said members must have the consent of their parents or guardian. The hours of drill will be agreed upon by the faculty. Each member to be eligible must be above a grade of seventy (70) in three (3) branches and satisfactory in class deport-

ment. Any breach of the aforesaid statement will place the offender liable to a sentence passed upon by the company.

In case of war, we agree to offer our services as a body to the government to uphold our nation and flag. You are compelled to attend drill.

STEAMER TELL CITY SINKS

(BULLETIN)

Wheeling, W. Va., April 6.—One man is known to have been killed when the steamer Tell City struck a pier in the Ohio river near Parkersburg early today and sank. The steamer was owned by the Ohio and Kanawha Transportation company. A man named Nicholas, a passenger, of Racine, Ohio, was killed and it is thought that others also perished. Rescue parties are at work. The only passenger list was aboard the boat.

Pay Day Saturday

Saturday is pay day with the hundreds of employees of the Whitaker-Glessner Company and a handsome sum will be distributed, as the big plant has been working steadily in all departments.

Inspection Friday, The 13th

Thirteen is a lucky figure for Calvary Commandery. It is the number of the lodge. The annual inspection will be held on Friday, the thirteenth. Between sixty and seventy-five members of Hauselman Commandery, Cincinnati, will attend the inspection, making the trip Friday. Hon. Charles Henry, past eminent commander of the Ohio Knights Templar, will be the inspecting officer.

ENGLAND TO FORCE ARGENTINE TO RAISE EMBARGO ON WHEAT

Buenos Aires, April 6.—England has put powerful pressure on Argentina to force raising of the wheat embargo.

It was learned on unimpeachable authority today that the British government has threatened an embargo on coal as a reprisal against the grain ban and announced by Argentina.

The greatest alarm was manifested among Argentine officials today. They were hurriedly making another inventory of the republic's food supplies. It was known, however, that without British coal all railroads, all shipping and all industries in Argentina would be paralyzed.

There has been a long feud between the state and the government and time could only survive with the Ugarite and Irigoyen.

The situation has so far been controlled from the Argentine public officials not desiring to reveal the government under coercion. Officially it was known also that the government was deeply concerned over the influence behind the dissolution of Governor Ugarite, of Buenos Aires province, to President Irigoyen's authority. It was predicted that Ugarite's removal from the governorship would be the government's next step, provided it was successful. It was known, however, that such removal could be accomplished without British coal all railroads, all shipping and all industries in Argentina would be paralyzed.

There has been a long feud between the state and the government and time could only survive with the Ugarite and Irigoyen.

GERMANS LAUNCH NEW ATTACK TO RELIEVE THE DRIVE ON ST. QUENTIN

London, April 6.—Striving desperately to relieve the pincer-like grip around St. Quentin, exerted by British and French forces, picked German troops were hurled against the French line northwest of Rheims last night and today in one of the most powerful "diversions" attempted in months. The attack was delivered in force. Its object was plainly to force hurrying of reserves from other portions of the line to aid of the attacked French troops, thus relieving the allied pressure against the German front around St. Quentin.

Front dispatches today declared the fighting in the Rheims sector was proceeding with unabated violence. The French were forced to relinquish a few trenches here but for the most part succeeded in recapturing those points which fell in the first fury of the German attack. The "Tentons" assault was attempted over a front of more than a mile.

Meanwhile dispatches indicated systematic progress in the encircling movement around St. Quentin by both the French and British forces.

K Boys Give Up Guard Duty

Acting upon instructions received from Adjutant General George H. Wood's office, Columbus, Captain W. J. Keyes, Company K, Seventh Regiment, Ohio National Guards, in charge of the detachment which was guarding the Ohio and Kentucky approaches of the new Chesapeake and Ohio Northern railroad bridge, Sciotoville, ordered his men to break camp Thursday afternoon.

The message was received about four o'clock. By seven o'clock the rifles had been cleaned, the equipment packed and the members of the detachment had reached the armory, preparatory to disbanding until the receipt of further orders.

No explanation was furnished Captain Keyes for the order to de-
